 - *SPC to present Full 2017-2021 State Plan at July 2016 SCDD Meeting (The State Plan must be submitted to AIDD by 8-15-2016 – we are targeting 7-31-2016).*

Public Input to Goals

(Only Goals were posted for Public Input and No Input received would make substantive changes to the Goals)

Sixty (60) comments were received in the Public Input Period

The Three common patterns are:

- The proposed Goals only indicate "increased information." Information does not equate into services. Goals should be modified to include 'increased supports and access to...'
 - *This comment was the most common theme and appeared to be made most frequently by parents and professionals. The Objectives further define the "increased information" and the Work Plan will specify the tangibles. The objectives and work plan will detail more concrete systemic change activities beyond simply outreach and training*
- The Goals that have been chosen are excellent ones.
 - *This comment most often appeared to be given by self-advocates, although some parents and professionals praised the goal areas.*
- Include other critical areas, such as transportation, legislative changes, safety/abuse prevention, child care, quality assurance, recreation, and providing information about IHSS and Social Security.
 - *These areas are all included within the objectives and will be included in the work plan, all of which was not posted with the goals for the public comment period. The public comments will be addressed more fully as the State Plan is fully fleshed out with the additional components developed and in place.*
