

CYCLE 36 GRANT CYCLE

This notice is not a guarantee of funding; the contract listed in this document is subject to the Council receiving sufficient funds from the Federal Government; and is subject to successful contract negotiations with the applicant.

Applicant and Program Information	Goal	Funding Amount	
Housing Coalition of the East Bay (HCEB)	Housing	\$10,000	
<p>HCEB will ensure the housing needs and goals of individuals with developmental disabilities in Alameda and Contra Costa counties are included within jurisdictions' upcoming Housing Elements updates. Major activities will include 1) working collaboratively with Area Board 5 and the Regional Center of the East Bay to update the housing need numbers initially established in 2009; and 2) advocating with and on behalf of people with developmental disabilities to ensure that housing needs data and guidelines are included within jurisdictions' Housing Element updates per the requirements of SB 812.</p> <p>The impact of this work will be an increased presence of the housing needs of people with developmental disabilities in local housing plans, and the potential to increase funding for affordable housing that is specifically for people with developmental disabilities. It can be replicated and used in other areas, and maximizes the number of jurisdictions that can and will implement the requirements of SB812.</p>
