**COMMUNITY PROGRAM DEVELOPMENTAL
GRANT APPLICATIONS/PROPOSALS
SELECTED BY THE COUNCIL FOR FUNDING**

CYCLE 32 (FISCAL YEAR 2009-2010)

The following agencies and programs have been selected by the California State Council on Developmental Disabilities to receive Community Program Development Grants.

This notice is not a guarantee of funding; all contracts listed in this document are subject to the Council receiving sufficient funds from the Federal Government; and are subject to successful contract negotiations with each applicant.

Proposal selected for Statewide Self-Advocacy

Applicant and Program Information	Funding Amount	Counties	
People First of California, (PFCA) Inc. PFCA Supporting and Promoting Statewide Self-Advocacy Sacramento, CA 95814 State Plan Objective: Quality Assurance	\$199,999.99	Statewide	

This proposal will provide systematic change by strengthening and expanding the only statewide self-advocacy organization run by and for people with developmental disabilities. This program will serve 1600 individuals with developmental disabilities and 100 family members. The PFCA Executive Director, who will begin full-time status, is a self-advocate, to make their voices heard at statewide stakeholder meetings; participate on statewide committees and work groups; testify at legislative hearings and at other committee meetings that effect individuals with developmental disabilities. This program will increase statewide representation; leadership and chapter outreach by hiring a half-time PFCA Outreach Leader. The Outreach Leader will coordinate the self-advocacy movement in Southern California. PFCA will facilitate and support all Board Members in the 13 regions of the state. This will consist of providing training, outreach, and sharing of information, concerns, and discussing a local or statewide collaborative response. This program will also provide training to individuals with developmental disabilities on serving on boards and commissions, and provide information and support to Boards and Commissions on recruiting and retaining members with developmental disabilities. PFCA has also updated their website with training materials.

**Proposal selected for Statewide
Partners in Policymaking Model-Leadership Development**

Applicant and Program Information	Funding Amount	Counties	
The Arc of California Partners in Policymaking – California Collaborative (PIPCC) Sacramento, CA 95814 State Plan Objective: Quality Assurance	\$250,000.00	Statewide	

This program will train 18 individuals with developmental disabilities and 18 family members using the Partners in Policymaking training model created by Minnesota Governor’s Office on Developmental Disabilities. The training model will be adapted to include California’s specific advocacy, and include important California resources. The sessions will include: 1) History of Disability Awareness, Services, and Advocacy; 2) Inclusive Education; 3) Services Coordination by Local Governments/Regional Centers; 4) Assistive Technology and Positioning; 5) Community Organizing and Advocacy; 6) State government and State Legislation; 7) Supported and Competitive Employment; 8) Supported and Independent Living; 9) Federal Government and Federal Legislation; and 10) Parliamentary Procedure and Serving on Boards. The topics will be covered during a seven to eight weekend sessions culminating in a formal graduation involving legislators, family members and important community representatives. The sessions will typically occur each month beginning on a Friday afternoon and finishing on a Saturday evening or Sunday morning. The individual s will participate in approximately 130 hours of training/education through this program.

The following new programs/proposals were selected for funding. The proposals are listed in rank order starting with the highest ranked proposal selected by and approved by the State Council on Developmental Disabilities.

Applicant and Program Information	Funding Amount	Counties	
United Cerebral Palsy of the North Bay Social Enterprise Employment Project: WineBev Services Petaluma, CA State Plan Objective: Employment	\$65,000.00	Multiple	

United Cerebral Palsy of the North Bay (UCPNB) has developed WineBev Services, a successful social enterprise employing adults with developmental disabilities in the Napa Valley wine industry. Social enterprises are mission driven organizations that conduct business for a social purpose to generate profit that furthers their social goals. WineBev Services provides needed revenue at a time when agencies statewide are facing significant reductions, creates greater economic independence for adults with developmental disabilities and enhances the quality of life for the people we serve and the communities in which they live. UCPNB is serving 350 children and Adults with developmental disabilities through non-public school, employment, recreation and behavior services.

The following new programs/proposals were selected for funding.

Applicant and Program Information	Funding Amount	Counties	
East Bay Innovations (EBI) California Project SEARCH Initiative (CPSI) San Leandro, CA State Plan Objective: Employment	\$200,000.00	Statewide	
<p>The goal of the CPSI is to increase and improve career-oriented employment opportunities for persons with developmental disabilities by replicating this proven model throughout the state. Project Search utilizes a collaborative, employer-driven model to identify business needs and develop internship and employment programs enabling employers to train, hire and retain employees with significant disabilities. The program provides both internship training for transitioning youth and adults, enabling them to learn complex, yet systematic job skills and offering post employment support needed for on-going job success.</p>			
Applicant and Program Information	Funding Amount	Counties	
Planned Parenthood Shasta-Diablo (PPSD) Sexual Safety for People with Developmental Disabilities Concord, CA State Plan Objective: Health	\$29,700.00	Multiple	
<p>PPSD provides urgently needed four-part sexual safety and sexuality classes for teens and young adults who are developmentally disabled. The curriculum includes information which can help protect individuals from sexual abuse, basic information about sex and reproduction, healthy sexuality, making good choices in relationships, birth control methods, Sexually Transmitted Infection (STI) prevention, abstinence and condom use. This program helps teachers and caregivers to see sexual behavior as a normal part of day to day behavior, but with an emphasis on helping students make distinctions between public and private actions.</p>			

The following new programs/proposals were selected for funding.

Applicant and Program Information	Funding Amount	Counties	
<p>The Regents of the University of California Distance Learning for Parent Education is ASD Department of Pediatrics- M.I.N.D. Institute Davis, CA State Plan Objective: Health</p>	<p>\$20,000.00</p>	<p>Multiple</p>	
<p>CEDD at the M.I.N.D Institute is a federally designated University Center for Excellence in Developmental Disabilities with considerable experience in training, research, community service, and information dissemination. The goals of this project are to provide quality web-based training modules in evidence based practices to families and caregivers of children with ASD that will provide them with the tools to positively impact the learning, behavior, independence and community integration of their children and to develop a DVD version of the training modules and distribute to the appropriate agencies in northern and central California so that they may research underserved populations particularly those who are geographically isolated and those who are Spanish speaking.</p>
