SAAC AGENDA ITEM DETAIL SHEET

ISSUE: Status of Employment for People with Intellectual and Developmental Disabilities in California

SUMMARY: The State Council on Developmental Disabilities is committed to increasing Self-Advocacy across California. Each of the 6 State Plan goals has a component of self-advocacy, as self-advocacy effects all aspects of a person's life. In an effort to assess the progress that has been made in each of the 6 goal areas, the Self-Advocates Advisory Committee (SAAC) has been asked to provide their input during each State Plan goal discussion. The July Council meeting will have presentations on successful programs to promote competitive integrated employment (CIE). Does SAAC have an expert recommendation on how to promote CIE for Californians with I/DD?

BACKGROUND/ISSUES/ANALYSIS: Access to Competitive Integrated Employment (CIE) is closely tied to an individual's sense of self-worth, independence and ability to participate in their community. In 2013 California implemented an Employment First Policy, signaling the state's commitment to promoting CIE for people with intellectual and developmental disabilities (I/DD). Additional policy advances such as the Workforce Innovation and Opportunity Act (WIOA) and the Achieving Better Life Experience (ABLE) Act indicate a promising future for Californians with I/DD. Policy change must also be supported by programmatic supports at the local and regional levels in order to be effective.

ANALYSIS/DISCUSSION: In preparation for future Council discussions on employment and creating recommendation(s) to the Council on the status of employment for Californians with I/DD, you may want to reflect on your own experiences, past SAAC discussions on the topic, as well as conversations you have had in your community. You can use the following questions to help you prepare for the SAAC meeting:

- What are examples of successful models that assist people with I/DD find employment?

- What types of employment related services or programs have you used? Were they helpful? If not, how could they be improved?
- What actions can the Council take in order to promote employment for people with intellectual and developmental disabilities?

COUNCIL STRATEGIC PLAN OBJECTIVE: Goal 2 of the State Plan.

PRIOR COMMITTEE ACTIVITY: SAAC, as an advisory committee of self-advocates, has collaborated with the DDS and the Employment First Committee to provide feedback on the CIE Blueprint and Consumer Joint Written Guidance.

RECOMMENDATION: None.

ATTACHMENTS:

Included in your packet are the following items:

- Draft of Employment Report by Employment First Committee (In Council Packet)
