

**PROGRAM DEVELOPMENT GRANT RECOMMENDATIONS**

**Scoring Team Recommendation to  
State Plan Committee**

Total Dollar Amount of Proposal:	\$ 23,805.00	SCDD Funds: \$17,853.00
Applicant Number:	SB2	Regional Office: San Bernardino
Goal Area Proposed:	Goal 3: Housing	
Number of People Served :	Minimum of 200 total people served	
Proposal Narrative:	<p>This project will address Goal 3 of the State Plan by concentrating efforts on Objective 3.2 and effect individuals with Intellectual and Developmental Disabilities (I/DD) from an outreach pool of more than 200 individuals, family members, and landlords. The three-pronged approach to implementation includes: 1) Educating individuals and their families on the process of self-advocacy and procuring affordable housing; 2) Educating landlords in the benefits of renting to individuals with I/DD and, assisting landlords as they rent to individuals with I/DD; 3) Providing individuals with I/DD with housing options that may include renting a room in a house or selecting a roommate of their choosing. Methodologies used are based on promising evidence and proven best-practices.</p>	

## PROGRAM DEVELOPMENT GRANT RECOMMENDATIONS

### Scoring Team Recommendation to State Plan Committee

Total Dollar Amount of Proposal:	\$ 28,435.00	SCDD Funds: \$20,000.00
Applicant Number:	OR2	Regional Office: Orange
Goal Area Proposed:	Goal 1: Self-Advocacy	
Number of People Served :	Minimum: 50 parents, 100 district staff and leadership, 30 Self-Advocates	
Proposal Narrative:	<p>This program is an umbrella for three programs that are designed to provide education and training opportunities, resource coordination, and support to individuals with I/DD, their families, educators, therapists, and the community at large to ensure individuals with disabilities have access to education, recreation, employment and community integration in the least restrictive environment possible. This wrap-around approach will increase the opportunity for individuals with I/DD to achieve self-determination, integration, and inclusion in all areas of community life through access to information, training and support for all stake holders.</p> <p>This program will improve best practices designed at empowering parents by providing them with the education, support and resource coordination necessary for them to be effective and equal partners on their child's IEP team making decisions that will ultimately determine their child's development and level of independence and integration as an adult.</p>
