My holiday traditions
by: Big Rob

During in the first week of December, my family likes to decorate the outside of our house and then decorate the inside. While we decorate, we listen to Christmas music and watch a Christmas themed movie. “Frosty the Snowman”, “Santa Claus is Coming To Town”, “Rudolph the Red Nosed Reindeer”, “A Year Without Santa Claus”, “The Grinch”, or “The Little Drummer Boy” are some of our favorites. Then we go out to pick a Christmas tree. When we find the one we want, it is taken up to the trimmers to have the bottom trimmed so it is easy to put in the tree stand. We pay for the tree, tie it to the roof of our car, and take it home. We get the tree off of the car and put it in the stand. We make sure it does not lean before my mom trims the branches that are too long. Once we bring it inside, we decorate it with ornaments and lights, put our stockings on the mantel of the fireplace, and then go out to see lights around the neighborhood. I water the tree every other day. My mom takes me shopping so I can buy presents for the family that I wrap and put under the tree with other presents that my mom puts out. I like to feel them and try to guess what they are! On Christmas Eve we go to church. My sister and brother-in-law go to his parents to open gifts and when they return we eat dinner and open our gifts. After dinner, I look at the stuff that I got and go to bed.

My favorite holiday movie is “COCO”. It deals with the cultural and emotional aspects centered around the Day of the Dead. The general message from this movie is that even though your loved ones are gone, if you believe and remember them, they are alive within your heart.

I really enjoyed “COCO” because it taught many important lessons to take to heart.

“Snowflakes”
Falling from the sky were white snowflakes as deep like the snow when you glide
With your eyes as bright as a star on the Christmas tree
There was a polar bear with his family around the fireplace singing Christmas songs
The stockings were hung
The weather was cold
when you play in the snow and think about the north pole
You see the children glow because they know
that Santa clause is watching on his snowy white silver globe

“Soap Designs by Sydney”

A MICRO-ENTERPRISE to look out for...

“Soap Designs by Sydney” originated when Sydney was 8 years old. Sydney found comfort in being creative and making beautiful soaps, so we decided to sell to friends and family and give back a portion to three types of organizations close to our family’s heart...autism, vision services and breast cancer.

Each soap comes with an “awareness packet” and valuable information about Sydney, the environment and her passion. Part of the awareness packet includes her business card with the following message about her soaps, “Like autism, no two are alike. Each one is unique and made with love.”

Sydney was born with a vision impairment. She has limited vision in her left eye and is totally blind in her right eye. She was diagnosed with autism when she was three and a half. Now at age 24, Our little family business has grown into something much bigger. Through numerous fundraisers, craft fairs, special orders and special events, we have given back to over 60 different organizations like Braille Institute, American Heart Association, Autism Tree Project Foundation, American Cancer Society. These organizations are close to Sydney and our family’s heart.

Sydney is extremely passionate about recycling, world peace, and especially the environment. She wants to make the world a better place. Sydney enjoys donating her time to “I Love a Clean San Diego”, San Diego Food Bank and Feeding America.
