AGENDA ITEM 6
ACTION ITEM

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

Approval of January 2020 Minutes

The minutes from the January 2020 Council meeting have been included in the packet for review and approval.

Action Recommended
Approve the January 2020 Minutes.
1. CALL TO ORDER
   Council Chair Maria Marquez called the meeting to order at 10:35 A.M.
2. **ESTABLISH QUORUM**
   A quorum was established.

3. **WELCOME AND INTRODUCTIONS**
   Councilmembers and others in attendance introduced themselves.

4. **PUBLIC COMMENTS**
   During Public Comment, the Council heard statements from Jennifer Gonzalez and John Marble. Ms. Gonzalez is a personal care attendant who expressed her concerns about reimbursement payments for support services claims. She stated that she would like SCDD to set up these payments differently so that the funds could be received in a more timely manner. Mr. Marble is a RAC member from the Bay Area who offered comments about the benefits of the Paid Internship Program (PIP) and promoting autism advocacy. He would like to create more partnerships with companies who use the PIP along with the autism community by assisting people with denials for regional center services and helping them get access to better care.

5. **APPROVAL OF NOVEMBER 2019 MINUTES**
   **Action 1**
   It was moved/seconded (Pegos [F.A.]/Witherspoon [S.A.]) and carried to approve the November 2019 Council meeting minutes pending any needed corrections on the voting log for the Chair and Vice Chair elections. Councilmember Wesley Witherspoon (S.A.) requested that the voting log from the November elections be verified to ensure the vote tally for him was accurate. (See page 9 for the voting record of members present.)

6. **CHAIR REPORT AND COMMITTEE REPORTS**
   Council Chair Maria Marquez reported on her activities since the last Council meeting. She was excited to welcome everyone to the first Council meeting of the year and reported that she had been working closely with SCDD staff on the 2020 Policy recommendations. This has been in preparation for upcoming Councilmember and SCDD staff visits to legislators at the Capitol in March. Additionally, she discussed letters that had recently been sent from the SCDD to federal and state government agencies on behalf of the I/DD community. Letters went to the U.S. Department of Education regarding the Workforce Innovation and Opportunity Act; to the California Department of Education regarding
Career Technical Education (CTE); and to the California Health and Human Services Agency and members of the Cabinet Workgroup on Aging regarding the Master Plan on Aging.

Chair Marquez also offered brief updates on two of the Council committees. Regarding Self-Determination, it was agreed that the Statewide Self-Determination Advisory Committee (SSDAC) would have a chair and co-chair, and they have indicated that they wish to meet four times per year if possible. Regarding the State Plan Committee, Marquez has appointed Councilmembers Lee Bycel [F.A.] and Matthew Lagrand [S.A.] to serve on the committee. The new State Plan for 2022-2026 is currently being developed.

Committee reports were presented after Chair Marquez spoke. Councilmember Wesley Witherspoon [S.A.] presented the latest SSAN report which included details from their December 2019 meeting in Sacramento. At that meeting, SSAN members reviewed and approved changes to the SSAN Memorandum of Understanding (MOU) with SCDD. Councilmember Jeana Eriksen [S.A.] presented the SAAC report which noted details from their January meeting in Sacramento. Members provided updates from their regions, discussed barriers to self-advocacy and recommended that the Council approve the 2020 policy priorities of housing, employment and safety.

7. EXECUTIVE DIRECTOR REPORT AND STAFF REPORTS
Executive Director Aaron Carruthers provided Councilmembers with a report on recent Council activities. Since November, we have reached 363,000 Californians with the work of the Council. We began collecting surveys from the community about the next State Plan, with the goal of beating our numbers from the last State Plan. The outcome of these surveys will be reported on in March. Housing, Employment and Safety are the top areas of concern for SCDD this year.

SCDD is teaming up with Disability Rights California (DRC) to examine the definitions of Competitive Integrated Employment (CIE) and what it means for the I/DD community. There is also a lot of work around safety; SCDD sent a letter to the statewide utilities expressing concerns and to invite these entities back to the table to engage with statewide disability advocates in conversation. The Riverside County District Attorney met with
SCDD, agreed that they would release more information publicly in the future and that they would engage with us in public safety community trainings about interactions with local and regional law enforcement. Soon, the Federal Administration on Community Living will be here in California for a listening tour to learn more about what the communities are doing to prepare for disasters.

Regarding the Self-Determination Program, the SSDAC is gaining more autonomy and they will receive updates from the Department of Developmental Services (DDS) at their next meeting on February 10th. The DS Taskforce was also convened, and workgroups have been assigned. SCDD has representation on each of the workgroups.

SCDD has been doing well with our budget, and Congress has approved an additional $2 million for Councils across the country. Soon we will find out about how much of those funds will come to the California State Council.

8. **2020-2021 GOVERNOR’S PROPOSED BUDGET**

Brian Winfield, Chief Deputy Director of the Department of Developmental Services (DDS) presented Councilmembers with an overview of the 2020-2021 Governor’s Proposed Budget. Notable items included an increase of $1 billion in total funds, which is an increase of about 13% from last year. This funding intends to support the increase in the number of individuals who will be served as well as growth in purchase of services and policy items. DDS expects to serve 368,000 individuals in the coming budget year. The Regional Center operations budget has a net increase of $40 million. This increase in funding is to further serve individuals at ages 3 and 4, and to provide more intensive case management for individuals who are leaving early start or are newly entering the service system. There will also be funding for specialized home monitoring such as community crisis homes and adult residential facilities for persons with special healthcare needs. In terms of Policy items, there is a proposal to develop three community crisis homes for children. DDS is in the process of developing regulations and restraint guidelines for these types of homes. DDS was also required to update its safety net plan and it is posted on their website. Another policy item is the development of STAR homes and enhanced behavioral supports homes. $78 million has been allocated for a performance incentive program that would go towards regional center
operations; the DS taskforce is currently working on a framework for this incentive program. There is also funding for the supplemental rate increase for service providers, and it has been proposed to continue the rate increase until June of 2023. Lastly, there will be funding for the statewide minimum wage increase, and funding to develop additional start programs in regional centers.

9. **SCDD 2020 GOALS AND POLICY PRIORITIES**

Vice Chair Julie Austin spoke to Councilmembers about the goals and policy priorities that have been identified by the Council for 2020. Housing, Employment and Safety were selected as the three top areas of focus for policy changes this year. She also summarized several issues that SCDD has been working on recently. The Council sponsored legislation to name the SCDD to the Interagency Committee on Apprenticeships (IACA); the goal is to get 5,000 new people into apprenticeship programs. The Governor created a diversity taskforce to make the State of California a model employer, and SCDD asked to join this taskforce. SCDD continues to support the Employment First Committee (EFC), looking for more opportunities to be involved in the Competitive Integrated Employment (CIE) blueprint. DDS Director Nancy Bargmann reestablished the DS Task Force, which has five workgroups that all have representation from SCDD. Health and Human Services (HHS) will convene the Olmsted Committee to make recommendations for improving California’s long-term care system. SCDD has served on this committee in the past and is seeking to do so again. CalABLE continues to expand as more people with I/DD sign up for its services. The Council continues to serve on its board. HHS has been given an executive order to create a Master Plan on Aging, which will be published in October of 2020. SCDD received a grant from DDS to reduce disparities by working with Georgetown University’s National Center for Cultural Competence (NCCC). Additionally, SCDD continues to be a member of the NCCC community of practice along with DRC and the UCEDDs, working on identifying statewide opportunities to reduce disparities in regional center services. These ambitious goals are in alignment with the State Plan.

Councilmembers provided feedback and discussion following Vice Chair Austin’s presentation. Councilmember Olivia Raynor stated that there should be a priority in the identification of preparation and training needed for individuals with I/DD to assume employment above minimum wage.
Councilmember David Pegos agreed and mentioned that there is a lack of an education component in the policy priorities. SCDD should ensure that we are part of the conversation on full inclusion models. Councilmember Karen Millender also raised concerns about adding Education to the policy goals for 2020. She proposed removing Housing as a priority and replacing it with Education. Councilmember Joyce McNair remarked that Housing should always be included in the Council priorities. Millender moved to remove Housing from the 2020 Policy goals and replace it with Education. There was no second to the motion.

**Action 2**

It was moved/seconded (Millender [F.A.]/Pegos [F.A.]) and carried to approve that the Council add Education as a policy priority for 2020 in addition to the three previously identified issues of Housing, Employment and Safety. (See page 9 for the voting record of members present.)

**Action 3**

It was moved/seconded (Pegos [F.A.]/Millender [F.A.]) and carried to adopt the 2020 SCDD Policy goals with the addition of Education and consideration of transitions for Employment. (See page 9 for the voting record of members present.)

**10. HOUSING UPDATE**

Micaela Connery, founder and CEO of The Kelsey, joined Executive Director Aaron Carruthers for a presentation about the latest updates on housing. The Kelsey is a non-profit organization that advocates for inclusive housing in the state of California. Housing is a fundamental barrier to people with I/DD living in the community. There is a history of institutionalization of people with disabilities, and there is also a mandate for inclusion in federal and state statutes. Right now in California, people with I/DD need 20,000 new housing units immediately. Only about 16% of adults living with I/DD meet the HCBS final rule requirement for living independently.

Executive Director Carruthers reported that when surveying adults with I/DD, 85% said they want to live alone or with roommates. However, the estimated need for 20,000 new housing units will only provide living spaces for roughly 15% of people that want it. Developers have estimated that there is approximately $175,000 needed in gap funding per home. If the
Legislature commits to a one-time funding amount of $400 million, that would build 2,285 homes (about 11% of the need). It would ensure that affordable housing would be more available and accessible to more Californians. It will also continue to incorporate people with disabilities into the larger conversation about the housing crisis statewide. Senator Caballero has agreed to carry legislation on this topic.

Ms. Connery spoke about a housing approach that should be a balance of providing choice, access and care. Part of the Kelsey’s mission is promoting a full system that supports the inclusion of people with disabilities at all levels of need statewide. Ideally this would form a “triangle of inclusive living” – the physical place where you live, supportive services that are needed, and community life experiences. Executive Director Carruthers thanked Ms. Connery for her efforts and continued partnership with the Council.

11. MASTER PLAN ON AGING

Councilmember Joseph Rodrigues, State Long-Term Care Ombudsman with the Department of Aging, presented Councilmembers with a discussion about the Master Plan on Aging and what it means for the I/DD community. Last year, Governor Newsom expressed the desire to create a Master Plan on Aging. Executive order N1419 states that the Governor’s cabinet members will work with the Health and Human Services Secretary to help develop the Master Plan and calls for a stakeholder advisory committee and two subcommittees to assist with the development of the plan. The values of the plan include choices, access, equality and autonomy. The vision of the Master Plan is to make California an age-friendly state. This means creating communities for older adults and individuals with disabilities where everyone can be respected and have opportunities for participation. Master Plan workgroups regularly communicate with stakeholders and are seeking to begin a public engagement process to get feedback. The Master Plan intends to transform the California Department of Aging so that it can provide better services and improve its programs after recovering from losing State funding in 2008. Everyone is encouraged to learn about the Together We Engage program by visiting the engageca.org website. It has information about events, goals, timelines for the plan and opportunities for public comment.
The Master Plan is ambitious and speaks directly to many of the Council priorities for the coming year. It will focus on informing the public about what services are currently available through the aging and disability networks. The deadline to submit the plan is October 2020. SCDD can help the Department of Aging accomplish this plan by working collaboratively on the message of inclusivity.

12. REPORT ON 2020 CENSUS COUNT
Vanessa Cuellar and Kyla Aquino Irving of the California Foundation for Independent Living Centers (CFILC) gave Councilmembers a presentation about the 2020 Census Count. The disability community is traditionally difficult to count, and everyone is encouraged to participate because it is important for funding allocation. The Census occurs every ten years and will take place from March through August of this year. There have been concerns about sharing personal information such as email addresses with Census takers. However, CFILC staff assured everyone that the information gathered by Census employees is required to be kept confidential. In terms of voting in the elections this year, the Census Bureau cannot share your information with other organizations. Questionnaire Assistance Centers will be available for individuals who would like assistance and further information about what to expect with the Census form. Additionally, online and social media toolkits, Frequently Asked Questions webpages, and accessible educational videos about the Census process will be available soon.

13. ASSEMBLY SELECT COMMITTEE ON I.D.D. HEARING
Deputy Director of Policy and Public Affairs Cindy Smith, along with Councilmembers Rosie Ryan (S.A.) and Wesley Witherspoon (S.A.), attended the Assembly Select Committee hearing on Intellectual and Developmental Disabilities, convened by Assemblymember Frazier on the afternoon of the January Council meeting. They did not return to the Council meeting in time to report on their experience at the Capitol. However, Smith reported to Executive Director Carruthers that she, Rosie and Wesley testified on behalf of the Council. They were followed by DDS Director Nancy Bargmann, who talked about her work with the taskforce and workgroups to expand disability representation in the conversation.

14. NEXT MEETING DATE & ADJOURNMENT
The next meeting is on March 17, 2020 at the Doubletree Hotel in Sacramento. The meeting was adjourned at 3:55 P.M.

Questions?
The State Fiscal Year (SFY) 2020/21 BSG budget increases $36,523 from $7,485,000 to $7,521,523. This document describes the proposed changes to specific line items in the SFY 2020/21 budget from the SFY 2019/20 budget.

Net Salaries and Wages
This line item increases $100,000 from $3,469,000 to $3,569,000. This includes the Basic Support Grant (BSG) share of the approved collective bargaining agreements that provide a 2.5% general salary increase (GSI) to all employees on July 1, 2020, a 5% merit salary adjustment for staff not at the top salary step and increases to retiree and employee health benefit contributions.

Temporary Help/Honorarium
This line item is unchanged from the previous year.

Staff Benefits
This line item decreases $70,000 from $1,872,000 to $1,802,000 due to an analysis of historical expenditures and resulting downward adjustment to be more in line with Department of Finance guidelines.

General Expense
This line item is unchanged from the previous year and includes the $25,000 annual information technology equipment refresh budget to replace all computers and peripherals every five years.

Communications
This line item is unchanged from the previous year and includes the $60,000 annual policy and communications budget to implement a comprehensive statewide communications plan and Ambassador Program.

Travel In-State
This line item is unchanged from the previous year as the higher than normal travel expenses in SFY 2018/19 caused by the all-staff convening and the two councilmember fundamentals training sessions did not materialize in SFY 2019/20 because we did not have those same meetings and travel was further reduced by COVID-19 restrictions.

Training
This line item increases $15,000 from the prior year to provide additional skills development and leadership development training to rank and file and managerial staff.

Facilities Operations
This line item is unchanged from the previous year as scheduled annual rent increases are being offset by the San Diego office relocating to a smaller and cheaper location.

Community Program Development Grants
This line item returns to its typical amount of $240,000 for regional grants. In the previous year, the Council approved combining the standard $260,000 for statewide grants with $190,000 in one-time surplus funding.

Date of Meeting
April 14, 2020

Meeting’s Focus
The Executive Committee met via Zoom and teleconference on April 14, 2020. Committee members heard reports from Executive Director Aaron Carruthers and Deputy Director of Administration Doug Sale. The meeting’s focus centered on the impacts of COVID-19 and strategies for moving forward during the crisis. Deputy Director Sale gave a report on the current SCDD budget, noting that it remains on target despite some changes. Executive Director Carruthers outlined the ways that SCDD staff has been adapting to telework procedures while promoting in-reach, information and advocacy. Members also discussed developing best practices for virtual meetings, stating that all Councilmembers should have equal access to technologies that will allow them to attend and participate in Council meetings remotely.

Items Acted Upon
The Committee acted on the following items:

- The February 2020 Executive Committee minutes were approved.
- One Conflict of Interest waiver renewal request was submitted and approved for Steven Perez of the Redwood Coast Developmental Services Corporation, the governing body of the Redwood Coast Regional Center.
- The Committee made a motion that SCDD staff should work on making equal technology access available to all Councilmembers before the next scheduled Council meeting, so that everyone would have the same opportunity to participate. The motion was approved.

Future Meeting Dates
June 16, 2020
Date of Meeting
April 15, 2020

Meeting’s Focus
The Committee began the meeting by approving the November meeting minutes before turning their attention over to reviewing the timeline and process for the 2022-2026 State Plan Development. The timeline included benchmark dates to ensure that the Committee was able to meet Office of Intellectual and Developmental Disabilities deadline for submission of the new state plan. Since many of the Committee members were new to this process, staff then provided an overview of the steps to developing a new state plan.

Members then turned their attention over to determining a process to review the more than 6,000 survey responses received statewide. This process included tasking members with reviewing the surveys in sections and establishing additional Committee meeting dates to review member input on those sections, and develop potential goals and objectives for the 2022-2026 State Plan. The first of many of those meetings will take place on May 18th.

Approval of November 2019 Meeting Minutes
AGENDA ITEM 10C.

EMPLOYMENT FIRST COMMITTEE SUMMARY

Date of Meeting
April 23, 2020

Meeting’s Focus
The Committee began by discussing what their respective agencies are doing to get people back to work. Independently, agencies are doing great with planning and resource development and distribution. Collectively, the Committee agreed to submit recommendations to the Governor’s new Taskforce on Business and Economic Recovery to ensure that people with intellectual and developmental disabilities are considered.

Members then reviewed and provided input on the draft 2019 EFC Report before acting to approve it in concept.

Members concluded the meeting by revisiting the conversation around data sharing that began in February. Members agreed that the first step to receiving more useful data would be to establish a workgroup to determine what data would be most relevant in determining outcomes and barriers to CIE. Committee Chair Wesley Witherspoon appointed Committee member Olivia Raynor as Chair to the Data Workgroup that will meet sometime before the July Committee meeting.
