In 2019 the Self-Advocates Advisory Committee established the following priorities to focus the committee’s efforts on addressing the barriers that self—advocates in California face in each area:

- Priority 1: Increase access to health, public safety and related services for Californians with I/DD and their families.
- Priority 2: Increase access to affordable, accessible, safe, and fully integrated housing that provides choice and flexibility,
- Priority 3: Increase access and information on how to obtain inclusive education services throughout the lifespan.

SAAC members discussed possible ways to address concerns relating to each of the Committee’s goals. The public health crisis brought on by COVID—19 has had a lasting impact on the lives of Californians. This agenda item provides Committee members the opportunity to have a discussion on how COVID—19 has impacted barriers to the SAAC priorities.
