BACKGROUND

The State Council on Developmental Disabilities (Council) is established by federal law (Developmental Disabilities and Bill of Rights Act) and state law (Lanterman Act [Welfare and Institutions Code, §4520 et. seq.]). The Council advocates, promotes and implements policies and practices designed to achieve self-determination, independence, productivity and inclusion in all aspects of community life for Californians with intellectual and/or developmental disabilities (I/DD) and their families. The Council is funded by the U.S. Department of Health and Human Services (DHHS), Administration for Community Living (ACL), Administration on Intellectual and Developmental Disabilities (AIDD). Federal law requires the Council to identify methods to improve and increase services for individuals with I/DD and their families and to submit these to the ACL in the form of a 5-year State Plan. The Council's primary work is achieving the State Plan goals, objectives, and strategies.

One of the many ways the Council works to achieve this is by awarding program development grants to community-based organizations to research, develop and/or implement innovative programs and promising or best practices throughout the state and its local communities.

OVERVIEW

October 1, 2021 will mark the beginning of a new 5-year State Plan. As the Council begins implementation of its 2022-2026 State Plan, we are issuing grant funds in the amount of \$100,000 to carry out the described State Plan-focused project.

Project Description

INCLUSIVE EDUCATION – INCREASING INCLUSIVE PRACTICES

The State Council on Developmental Disabilities is interested in funding a project that increases inclusive education for students with Intellectual/Developmental Disabilities (I/DD). Specifically, the Council is seeking a grantee that can work with one or more local education agency to improve inclusive education policy and practices within one or more local education agencies. The grantee will need to develop a comprehensive plan with specific goals and benchmarks for how to improve outcomes and then implement the plan in the selected local education agencies. Grantees may or may not be previous recipients of the California Department of Education's Supporting Inclusive Practices (SIP) Grants that are looking to further increase their outcomes specifically related to K-12 students with I/DD. Priority will be given to projects serving urban, rural and underserved populations. The expected plan will be a model that can be replicated by other districts and will stress benefits for typical students and identify possible barriers to implementation.

PROGRAM DEVELOPMENT GRANT (PDG)

Cycle 44 PDG's are awarded on a federal fiscal year cycle (October 1, 2021 – September 30, 2022), consistent with the goals and objectives outlined in the 2022-2026 SCDD State Plan.

Grants awarded through this Request for Proposal (RFP) will be administered through the Council's headquarters office. During the RFP process, the Council is to: (1) ensure that all proposals are fairly and consistently reviewed and evaluated; (2) monitor compliance with state and federal laws and policies; and (3) recommend awarding grants to the highest ranked proposal(s), based on available funding and the criteria outlined in this RFP.

Disclaimer

This project was supported, in part by grant number 21CASD, from the U.S. Administration for Community Living, Department of Health and Human Services, Washington, D.C. 20201.

Grantees undertaking projects with government sponsorship are encouraged to express freely their findings and conclusions. Points of view or opinions do not, therefore, necessarily represent official ACL policy.

THE SCDD STATE PLAN (STATE PLAN)

The State Plan defines critical, current, and emerging issues facing Californians with I/DD and their families. The State Plan is developed with extensive community input from stakeholders throughout California. The State Plan also provides information to the federal Office on Intellectual and Developmental Disabilities (OIDD) on how the Council will invest its resources. The 2017-2021 State Plan can be accessed on the SCDD website: www.scdd.ca.gov.

If scores in that category are the same, the tie will be broken by the highest score in the Methodology category. If those scores are the same, the tie will be broken by the highest score in the Administration category.

ALLOWABLE AND NON-ALLOWABLE PDG GRANT COSTS

The purpose of the PDG program is to provide resources necessary to initiate new services/supports that are creative, needed, and innovative for people with I/DD and their families. These funds may not be used to purchase goods or services, for which another funding source is available, or to supplant existing funding. Proposal budgets should include all necessary expenses for the Proposer to complete the project.

Each line item in the budget will be reviewed to determine whether it is allowable and reasonable. The Council reserves the right to request a revised budget.

The Federal Office of Management and Budget (OMB) has established uniform administrative requirements and cost principles for determining allowable costs chargeable to Federal awards. The Contractor agrees to abide by Title 2 of the Code of Federal Regulations, Part 200 (2 C.F.R. 200 et seq.), except where this Agreement is more restrictive. The federal regulations are available for review on the Internet at www.efcr.gov under "Title 2-Grants and Agreements."

The following list contains some examples of allowable and non-allowable PDG contract expenditures:

1. Funds cannot be used to purchase real property.
2. Funds cannot be used to purchase childcare vouchers.
3. Funds may be used to modify facilities to meet fire and life safety requirements of the fire marshal and/or the licensing agency. The Proposer will be required to submit three bids for any facility
4. Rent for an office and/or facility is a reimbursable expense, as long as staff funded through the grant is working at or from the office/facility. The rent should not exceed the rental rates for an equivalent size facility in the geographical area.
5. Equipment may be leased; however, it may not be leased with an option to purchase. The contractor shall provide SCDD with copies of agreements for equipment leased during the contract period.
6. The following are examples of equipment that may not be purchased or purchased only with prior approval:
 - Motor vehicles may not be purchased.
 - Computers may only be purchased with prior approval from the SCDD.
 - Copy machines may not be purchased. However, they may be leased during the contract period.
 - Any equipment item that is attached to a facility or vehicle, which cannot be removed in usable condition from the facility or vehicle.
7. Funds cannot be used for modifications that are solely aesthetic in nature or are not necessary to meet fire and life safety requirements.
8. Any reimbursement for necessary travel expenses and per diem shall be at rates set in accordance with allowable state guidelines and per diem and mileage rates. Please visit <https://www.calhr.ca.gov/employees/Pages/travel-reimbursements.aspx> for information for reimbursement rates and restrictions. Travel outside the State of California shall not be reimbursed. (Travel outside the SCDD's catchment area must be pre-approved by the SCDD, if reimbursement is requested).
9. Funds shall not be used to purchase food for participants at PDG-sponsored conferences, trainings, seminars, or workshops.
10. Costs related to disseminating information about project outcomes can only be included in the funding request if this expense is to be incurred during the term of the contract period.

11. No staff person can be committed to more than 100% of that person’s time. SCDD reserves the right to verify and determine reasonableness of staff time committed to other jobs/projects.
12. Funds may be used to secure insurance coverage to assure that, prior to the contract approval, Contractor, other than a self- insured public entity, can furnish to the SCDD a Certificate(s) of Insurance stating that there is liability insurance presently in effect covering all of Contract’s activities under this contract, as appropriate, of not less than \$500,000 per occurrence.

As a general rule, it can be assumed that equipment with a value under \$500 will be amortized and no longer property of the State after three years. For purposes of PDG, equipment item costs must be considered in terms of the end usable product, e.g., a bed is considered the sum of the cost of the mattress, box springs, and frame. Proposers should contact the SCDD concerning items over \$500. All equipment will be inventoried and be issued a state identification tag identifying each as the property of the State until it is released by the State.

PDG grants may not include indirect costs that exceed 10% of the grant total, as defined below:

Direct Costs

Direct costs are those that are specifically spent to carry out the grant, such as compensation of employees for the time devoted and identified specifically to the performance of the grant; cost of materials acquired, consumed, or expended specifically for the purpose of the grant; and travel expenses incurred specifically to carry out the grant contract.

Indirect Costs

Indirect costs are items associated with general infrastructure support, such as general administration, facilities, equipment, operations, office supplies, and maintenance.

FUNDING OF PROJECTS

Funding of projects is contingent on availability of federal funds and approval by the Council. After the announcement of a grant award, changes in the level of federal allocation to California could result in the reduction of funds or withdrawal of some or all funded proposals.

The Council assumes no responsibility for costs incurred by the Proposer for the development or submission of a proposal.

The Council may reduce the level of funding requested in a proposal. If the requested amount proposed will be reduced, the Proposer(s) will be asked if they want to proceed with the process. If the Proposer wishes to proceed, submission of a revised budget will be required with the revised funding request.

Successful Proposers will submit all invoices in arrears. Proposers must be financially capable of supporting the project until such time as invoices are submitted and reimbursement is received.

Successful Proposers must complete bi-monthly (every other month) reporting and invoice packets which must contain receipts for each expense/line item claimed, which includes but is not limited to: records of salaries paid, travel, conference fees, and hotel accommodations, as well as proof of overhead costs and indirect expenses. Successful Proposers shall request in writing to SCDD all proposed transfers between individual line items and additions or deletions of line items. Such requests shall contain an explanation of the need for the change, identification of the line items to be changed, and a revised Budget. The Contractor understands that in no event shall the maximum amount payable exceed the maximum amount specified in this contract.

Once the program element of the contract is approved by the SCDD, any budget change request that would change the program element will not be approved.
