**California is scheduled to fully reopen Tuesday, June 15, 2021. With community activities and opportunities increasing for all, it is particularly important to consider our family member's current strengths and needs. This presentation will help their team determine how, when, and what services and activities can safely be restarted.**

**Participants will be provided with a downloadable *Summary Assessment Form* which they can print and complete during or after the presentation. This *Summary* can be used to communicate strengths and needs with your family member's support coordinator and/or team members.**
