California is scheduled to fully reopen Tuesday, June 15, 2021. Everyone will be able to participate in more activities in the community. There will be new rules on how things are done in places that are open.

In this presentation you will begin to think about what, when, and how you will start to do things in the community. You will think about your strengths and your needs.

A downloadable *Self-Assessment Guide* will be available which can be printed and then completed during or after the presentation. This *Self-Assessment Guide* can be used to understand your own needs and share that information with your family members and support team.
