Jobtoberfest 2022 is quickly approaching and this year is sure to be the best yet! Jobtoberfest has evolved into the largest job fair for people with DisABILITIES in San Diego County, averaging more than 1,500 job seekers and over 75 employers and resource providers. We will be presenting the **"Kevin Stark Scholarship Award"** to four amazing individuals.

Jobtoberfest is the perfect chance to provide networking opportunities for members of the disability community who are searching for employment, while recognizing National Disability Employment Awareness Month.

Jobtoberfest provides excellent opportunities for job seekers with DisABILITIES to learn more about employers and businesses throughout San Diego County and to share their qualifications with their employer(s) of interest. Additionally, job seekers are offered trainings on topics such as benefits, employment skills, federal employment programs, and much more!

All event organizers and promoters of Jobtoberfest are members of the San Diego Committee on Employment of People with DisABILITIES (SDCEPD). The committee consists of ALL volunteer employers and agencies that provide services to people with DisABILITIES, as well as persons from the disability community.

SDCEPD works to promote employment opportunities for persons with DisABILITIES through community action, providing free training to businesses, and collaboration with public and private organizations. We accomplish our mission through Jobtoberfest, hosting events on taxes and financial awareness for people with DisABILITIES, serving as a resource to employers on disability awareness, and collaborating with other public and private agencies that provide employment services for people with DisABILITIES.
