11. LOCAL SDAC ROSTER

The current local SDAC roster was presented to the Committee.

12. LOCAL SDAC ZERO TOLERANCE POLICIES FOR COUNCIL-APPOINTED MEMBERS

Executive Director Aaron Carruthers reviewed SCDD's Zero Tolerance Policies, which the committee is considering adopting for Council-appointed members of Local SDACs. These policies are meant to provide clear standards for the ethical conduct of Local SDAC members.

It was moved/seconded (Ybarra [SA]/Ellis [FA]) and carried to adopt the Zero Tolerance Policies for Council-appointed SDAC members. (Motion passed unanimously, see page 1 for a list of members present)

PUBLIC COMMENT

Richard Dier, Co-Chair of the North Los Angeles Regional Center's SDAC stated that he supports adopting this policy and that all committee members need standards for behavior.

Lori Walker stated that in the past there has been confusion about whether the regional center or SCDD was responsible for helping local SDACs address behavioral issues, and that she would appreciate guidance on how to address these issues.

13. REVIEW AND TAKE ACTION ON LOCAL SELF-DETERMINATION ADVISORY COMMITTEE APPLICATIONS

The Committee reviewed applications for four regional centers and acted to fill SDAC vacancies as indicated below.

It was moved/seconded (Ponton [SA]/Ybarra [SA]) and carried to adopt the mangers recommendations as follows. (Unanimous, see page one for members present)

MM-719

Name: REDACTED

Address: REDACTED

County of Residence: Sacramento

Email: REDACTED Phone: REDACTED

Race: Hispanic or Latino

I am a: person with a developmental disability, representative of the general public

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

Yes

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I began providing services through regional center services (all services) and now I'm employed at the regional center. I was recently diagnosed with ASD as of Nov 2022. I have an extensive background in active treatment, the regional center and personal experience.

What are your areas of interest in the developmental disability field and service system?: I want to work on providing guidance on legislation, talking with members of my community for a grassroot connection and helping out members of my community more.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I wish to serve on this counsel as I have aspirations of wanting to join the house of representatives or congress as a representative of the disability, POC, LGBT and more communities. I feel that SCDD would be the next steppingstone in my journey to learn how to be in a position such as that one.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I'm an active listener with on point communication skills. I represent various communities that require further advocation and I'm the perfect advocate for this. I work hard, I'm incredibly intelligent and I'm always working for the client's best interest. Also, I will possess a master's degree with a 4.0 in clinical mental health counseling in March 2023. Needless to say, I'm educate, hardworking and really want to represent this community with every fiber in my being.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

When I was 19-years-old I started seizing uncontrollably and was placed in induced a coma to calm my brain. I have been diagnosed with epilepsy, and importantly, I use a wheelchair to navigate the world because I can no longer walk without the assistance of an object.

For 10 years, I resided at brain injury rehabilitation center, and there I saw persons who struggled to overcome what had become of their brain. After that, I was employed at a non-profit organization that employed persons from all walks of life if they had disabilities or not.

What are your areas of interest in the developmental disability field and service system?:

I think transportation and post-transportation are important issues. All governmental transportation services (i.e. tax-payer funded), are accessible for people with disabilities. However; once the person reaches said destination, not all things are accessible even after the ADA has been passed. Notably, hotels are behind the curve when it comes it serving disabled public.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I believe that if I can iniate public policy for developmentally disabled persons it helps everyone. When the parking lots have handicapped spaces for those who need them that helps the economy grow.

What strengths would you bring to the State Council and/or Regional Advisory Committee?: I did attend the University of Michigan where I studied political science. I have worked on multiple political campaigns.

I am a hard worker.
I learn from mistakes
I have good communication skills which will be essential

Race: White

I am a: parent, family member, legal guardian or conservator of a person with a developmental disability

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

Yes

Are you a member of a nongovernmental agency that does not receive regional center funding? Yes

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I have worked in Special Education since 2008 starting as a Paraeducator while obtaining my teaching credential as an education specialist for students with moderate to severe disabilities. From 2010 to September 2022, I taught as a special day class teacher and inclusion specialist. Currently I work as a special education program specialist. I'm addition I have two children with autism diagnosed in 2016 and 2020. I have a passion for serving student and their families in special education. Additionally I am fierce advocate for students to receive the services they deserve as their offer of FAPE.

What are your areas of interest in the developmental disability field and service system?:

I have a heart for children and students with autism as it has been the focus of my teaching for the past 12 years (and as a parent!). I'm interested in increasing inclusive practices throughout California. Additionally, I'm interested in equity in services for students with different socioeconomic backgrounds, home languages, and ethnicities. Lastly, I've found a passion for IEP compliance and providing technical assistance to schools and districts in improving protocols and procedures to do so.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I believe I have unique experience in that I've chosen to pursue providing the best special education services I can for students while simultaneously advocating for my own children. I want to focus on continuous improvement through a cycle of data collection, data analysis, and action plans. There continues to be a need for capacity building and systemic change for students with disabilities to truly have access to the services and support they require.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I have many strengths that would make me an excellent member of the state council or regional advisory committee. I have a wealth of knowledge in relation to the IEP process as well as state and federal legislation. Additionally, I have worked in multiple districts and in multiple capacities in the field of special education. I am a strong verbal communicator who is skilled in collaboration with multiple stakeholders in achieving shared goals. I have supported many families in advocating for their children in IEP meetings and in speaking with special education staff.

What are your areas of interest in the developmental disability field and service system?: Equity, Representation, Inclusion, Accessibility, and Diversity

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I wish to serve on the State Council on Development Disabilities in order to help advance and uplift highly impacted and historically marginalized and disenfranchised equity seeking communities.

What strengths would you bring to the State Council and/or Regional Advisory Committee?: I have over 30 years of direct disability rights advocacy. I have served on county, state, and national disability rights boards and commissions. I also have a long track record of community organizing,

communications, policy, and leveraging my lived experience to advance disability justice for all people with disabilities.

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I am interested in representing and advocating for services

What are your areas of interest in the developmental disability field and service system?: Advocating for service

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

Because I am a parent who have a son with a disability and we have had trouble accessing the services he needs. We have been totally disregarded by the system and I want to be able to advocate for families who are facing these same issues. I do not wish to see others suffer as my son and I have suffered and been through abuse by this system.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I am a social worker and I bring a wealth of knowledge in the areas of developmental disabilities and what type of services are needed to aid them in becoming self-sufficient.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

As a child with orthopedic impairments in the early 90's, although I was in advanced classes, I was "parked" in the special day class while my class went on field trips, had field days and PE, and sometimes even recess. When we were allowed to join the other kids, the ramp was extremely steep, and many of us couldn't maneuver down it easily. At times I used a wheelchair, and I found myself constantly struggling to access different areas of the community, even my school and synagogue. This shared struggle, and our time together, made those students my friends and allies. I learned that, regardless of disability status, some people are just wonderful humans. This experience began in third grade. I have been involved in the community in one way or another since then.

Additionally, I am on the spectrum, and have always been drawn to others in my community. Although I've been working in this field for 20 years, it wasn't until a year ago that I finally received my own diagnosis. Practitioner after practitioner refused to evaluate because I "can hold a conversation" or "look people in the eye". Ultimately, it took one openminded practitioner to investigate and confirm what I and those near

me suspected.

What are your areas of interest in the developmental disability field and service system?:

I have spent a majority of my professional career working in the field of education. I am currently an Education Specialist working with students with higher levels of need. I am passionate about changing this field, often chipping away at the cracks little by little. Changes don't happen quickly, but each additional service provided, IEP goal met, and smile are evidence of change.

I spent a year as a QIDP with the Arc of San Diego, and 4 years as a Program Manager with Options for All. The nonprofit sector continues to hold a place in my heart.

As the primary care provider of a 33 year old with Fragile X, I am still closely linked to the nonprofit world. I find myself struggling at times with accessing services for my son. If I have a difficult time working within the system, how must the people without knowledge of or experience with the system navigate their journey?

Finally, an area of interest of mine that is rapidly growing, is the ethics associated with the efficacy and implementation of behavioral interventions. Previously, I was a Behavior Intervention Specialist, then teacher, at a Separate Site High School. All of the students on campus experienced challenges with self-regulation and communication, which contributed to some rather intense and dangerous behavioral expressions. The behavioral intervention experiences I have had have all been based in ABA. I would love to invest time and energy into encouraging the exploration of alternative techniques, which consider the person and their needs more deeply, rather than the control of another's behavior.

As you can see, my goals and areas of interest are varied, yet simple. Increased access, autonomy, advocacy, and happiness are the roots of my mindset and framework.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I have spent my career making changes from within. I have had to figure out where each line is drawn and what each mandate or law imposes, to know how far I can push to make the changes I'd like to see. Being involved in the processes associated with these pressing issues sounds like a good opportunity to aid in make the changes so many want to see. By working with other similarly-minded people, my hope is we are able to see the need for change, or make new resources and information available to encourage action.

As a lifelong advocate for others, including those with disabilities, I have a relentless passion for empowering others to control their lives and pursue their dreams. Over the years I have seen enormous changes in the perception and treatment of those with whom I work. But empowerment doesn't stop at self-esteem. Advocacy isn't just about ordering one's own food. My ultimate vision is to see a full societal integration of those with disabilities. Why this vision is not yet fully realized, I do not know. But by humanizing all of our community members, I know these incremental changes will continue to gain momentum.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

In working with others in a group setting, and on a variety of committees, I've found myself playing a repeat role. I tend to be the logical dreamer, the what-if buster. I bring creative solutions and ideas to the table, to address the strengths and interests of each team member involved in the process. I am highly driven by the pursuit of knowledge and action. I am not simply interested in this topic, I am living every aspect of this topic.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I have two (now adult) children with developmental disabilities, both regional center clients

What are your areas of interest in the developmental disability field and service system?:

Combatting disparity; promoting awareness of developmental disabilities; advocating for the developmentally disabled to obtain services, fully access benefits of all programs, laws and services, and prepare for intake; to create and implement procedural safeguards; and to ensure that those with disabilities are living their most productive lives, as they see fit, with respect and dignity in the community

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

When I was a young (newly divorced) Latina mother with limited financial means and no college degree I fought so hard to obtain the services and supports my children needed BUT the time and again I experienced challenges because I did not possess the financial means to fight the system. When I advocated for myself I was looked down upon, insulted, and targeted; I had to fight so much harder, but I

learned the laws and the system and that is exactly what I did. For almost 20 years I studied and read everything I could about the laws and procedures that would protected my children, I spoke to other families, and researched cases, programs, and the system in general. I recently obtained my BA in criminal justice with a concentration in human services and advocacy and I help families navigate the system and I advocate with them. Families do know the services out there or how to defend themselves and I want to be their voice and support them.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

As a parent with two very different adult children with developmental disabilities my experience is unique. In my 20 years as a parent advocate I have learned the programs and rights that support the developmentally disabled community. I never backed down when it came to children and I fought with passion and knowledge. I know firsthand what it feels like to experience discrimination and I faced that disadvantage many times as I advocated for my children. I have filed compliance complaints, Due Process, and Fair hearing. I spoke when I saw things weren't fair and now that I am at point where my own children are receiving everything they need, I speak up for others because I understand that not everyone has a voice yet and that many don't know how. I am strong believer in parent-advocates and this is not a field for attorneys to profit. They should be the last resort.

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I have a 22 year old disabled child that I had when I was 18 years old. I have been navigating, advocating, caregiving, and learning to adapt to changes in laws and systems for my daughter, my entire adult life. In addition I learned how to do the same for others in our community. My daughter and I have brought about numerous changes to systems, supports, and advocacy in Lake County as well as the state of California.

What are your areas of interest in the developmental disability field and service system?:

Providing or obtaining equal access to resources/supports/providers across the life continuum without restrictions based on needs, disabilities/abilities, or location.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I believe I bring a wide array of knowledge and experience to the local and state level and can offer a unique prospective and insight to rural communities that is not often known, especially on the state level.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I have an extensive knowledge and experiences of the state systems and resources in rural communities in California over the last 22 years. I have navigated IEP challenges and brought changes to our local school districts for special education and school transportation. I have 18 years experience as a caregiver receiving maximum hours with IHSS. I have participated as a volunteer on the Family Advisory Committee as a parent representative for Lake County with Partnership HealthPlan of California (PHC) in 2018 when they transitioned California Children's Services (CCS) over to managed care. I worked for PHC as an Education Specialist and Community Outreach Representative for Lake and Mendocino Counties in 2019 and 2020. I attended Lake County Board of Supervisors meetings in 2021 as part of the IHSS Union (SEIU2015) Contract Action Team for negotiations for an IHSS contract. Lake County was the last County in California to receive an IHSS contract which included a raise for all IHSS caregivers. I have worked hard to obtain equipment and supplies for my daughter, often appealing decisions all the way to the state before receiving a yes answer. Because of the work I did for my daughter years ago, other children with special needs for equipment and supplies now receive them without having to go through the extensive appeal processes.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

My career started in performing arts education. I worked for a prominent regional theatre that offered a variety of accessible theatre programs, including theatre skills classes for adults and children with disabilities, as well as autism-friendly performances. The impact of these programs and services inspired me to devote my professional career to increasing access and opportunity for people with disabilities to engage in the arts. I pursued further education in disability studies, while also creating new theatre programs and community partnerships for adults with developmental disabilities. Currently, I manage a creative arts adult day program for Momentum Agencies, the largest provider of direct support services for people with disabilities in Southern California. As California is a major hub for the entertainment industry, I hope to develop more programming that increases vocational opportunities for adults with disabilities in the performing arts.

What are your areas of interest in the developmental disability field and service system?:

My experience and passion lay primarily in adult services. I have a Master's degree in Special Education, with a focus on Autism Spectrum Disorders and Applied Behavior Analysis. I am currently completing the

requirements to become a BCBA (Board Certified Behavior Analyst). I am particularly interested in the intersection of disability services and creative arts programs, including vocational training and opportunities, recreation and leisure activities, and creating art about disabilities in various media. As part of my graduate studies, I conducted original research in which I examined the effectiveness of a behavior analytic approach on teaching a performing arts vocational skill to an adult woman with autism, and I will be submitting the study for publishing in the coming year.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

As a new California resident, I want to become a fierce advocate for the disability community, and contribute all that I can toward improving the lives of all people with disabilities. As a person who works directly with a population with very high support needs, I want to help the people I care for every day have a voice and strong representation at the state level. I want to influence public policy toward a better future for the people I care about.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

My years of experience with various populations and service lines, as well as my advanced degree will all be of great benefit to the council. I also consider myself an extremely passionate individual, and a superlatively hard worker. My skills in writing, speaking, advocating, and teaching make me an ideal candidate to sit on this council.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I have been an advocate for special needs children in the educational system. I have seen the successes but more over I see the lack of understanding between educators and families with special needs children. I am also very aware of the lack of services for these same individuals that become adults. The lack of quality of life after 18 due to lack of resources and engaging programs is something that needs to be addressed so that we can have a more inclusive community. I have been working with educators and community leaders for years in an effort to find a place where our special needs adults belong. I know that my abilities to reach out to individuals and have the honest conversations is my strong skill. Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I am a product of ICWA and was adopted through California State Adoptions. I have encountered many struggles growing up that have brought me to where I am today. I was a young single mother of twins with disabilities. Navigating as a new mother and as a special needs mother was extremely hard. However, with the struggles together we have overcome many barriers. Without a great support system, I am not sure we would be where we are today. I am eager to help be a part of the solution and give back to a community that I have so much love and respect for. I know without a doubt if I did not have my family supporting me things would be much different for me and my children. That is why it is so important for me to give back because not every person receives support like I did. I want to build relationships and be a light to the struggling and maybe I can help someone else the way I was given help. Thank you.

What are your areas of interest in the developmental disability field and service system?: Developmental and Intellectual Disabilities for all ages. Early Intervention and I have a great heart for Autism.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I wish to serve on the State Council on Developmental Disabilities in hopes to help with the inclusion of Native American Peoples, adopted people, people that are experiencing hardships and people that have felt like they are forgotten. We all have the God given right to feel like we matter, and I want to help be the voice for the ones that feel voiceless. I have experience hard things as a mother, and I believe walking through some of those hard things helps you have empathy and a heart and ear to listen and understand.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I have studied in Early Childhood Education; I am a California Head Start child and so are my children. I have lived in big cities and rural areas and can relate to all areas of life. I work for a Non-Profit Organization Acorns to Oak Trees, that offers inclusive therapeutic services as well as culturally sensitive services such as Occupational Therapy, Speech Therapy, etc. We also provided Parent Navigator Services that allows us to train up advocates all over California. I am very savvy and driven because of my deep passion for this topic. I am as well a Peace Officer and work for the State of California. I believe if you give me this opportunity you will be pleasantly surprised of how hard working, humble and driven I am. I also would like to add that I am very involved in my community and actively attend local governmental meetings so that I can stay up to date on current events locally and as well as Statewide agenda. Thank you for your consideration and I would truly be honored for this opportunity.

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I am a special education advocate and former special education teacher. As such, I'm highly committed to advancing the rights of people with disabilities in the community. On a personal note, I also have 2 siblings with significant disabilities. So, I have had a lifetime of experience with the process of assuring their personal, professional, and educational needs were met.

What are your areas of interest in the developmental disability field and service system?:

I don't necessary have a highly specific area of interest. I am very motivated by social justice, equity, and destigmatization. My professional experience is almost entirely in the arena of public special education, so educationally related areas may be where my expertise is most valuable. I'm certainly open to branching out.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I would like the opportunity to serve and help my local southern California community, and to impact statewide policy, services, or initiatives. Disability rights are so important to me. I already help families on an individual level in my professional life. I would like to have opportunities to help on a community level as well.

What strengths would you bring to the State Council and/or Regional Advisory Committee?: My greatest strength would be the amount of expertise I have that would inform my direction and decision making. Disability rights are also my biggest passion and the primary focus of my life!

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I am a parent to a 3-year-old who was diagnosed 2 weeks after turning 1 year old with spastic quadriplegic cerebral palsy. I am also the founder of Inclusive Sol - A cerebral palsy resource platform and hub to provide support for parents and caregivers as they navigate caring for a child with a disability. Families can save time and money. Access FREE:

News & Events

Online Support Group

You can read the website in various languages, have the option to sign up for monthly e-newsletters to learn more about the cerebral palsy community, stay up-to-date on the latest tools and resources, receive special offers, etc.

As for my interest in service system development, I am intrigued by the collaborative work by various stakeholders to deliver key services to those in need like people with developmental disabilities.

What are your areas of interest in the developmental disability field and service system?:

Cerebral Palsy - physical disabilities, developmental services, early start intervention, regional center services, service access, and equity (resources/community engagement).

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I live by the words of Mahatma Gandhi, "My life is my message." Therefore, I want to be part of the solution and contribute to the greater good by being of service to the State Council on Developmental Disabilities or one of the Regional Advisory Committees. Since I currently work full-time, it seems like the best option is to apply for the RAC. I'd love to possibly connect with someone to discuss the feasibility of going to meetings every other month to Sacramento and if dates are determined ahead of time for planning purposes.

I am confident I can contribute my skills, experience, and qualifications to the role that I am best suited for. By collectively having diverse members with various expertise in a council or a committee, we can ensure that people with developmental disabilities and their families receive the services and support they need. I want to understand and work with the various systems in place and remain involved locally in Los Angeles where I reside. I embrace servant leadership and I am driven to contribute to methods to improve and increase services for individuals and their families with developmental disabilities. I don't want to be on the sidelines and would be honored to contribute to the conversation of enhancing independence, productivity, and inclusion for people with developmental disabilities.

Also, I have applied for the State Interagency Coordinating Council (ICC) on Early Intervention last month. I can probably only do one role if chosen, so I thought I would share with you for reference. I have not heard anything back yet on the status of my application.

What strengths would you bring to the State Council and/or Regional Advisory Committee?: I specialize in social impact work. Purpose-driven, I bring people together and leverage the strength of communities.

I champion partnership building, community relations, and corporate social responsibility and organize socially conscious campaigns and events for the past fifteen years.

I currently manage the Los Angeles Regional Initiative for Social Enterprise (LA:RISE) at The Roberts Enterprise Development Fund (REDF). LA:RISE is an innovative partnership that unites the City and County of Los Angeles workforce agencies with employment social enterprises to help people overcoming high employment barriers get jobs, stay employed, and build a better life.

As a consultant, I have worked with the City of West Hollywood, Farmers Insurance, ZipRecruiter, and more to achieve each client's strategic goals. Prior to my present enterprising ventures, I was formerly the executive director of Dress for Success Worldwide-West, an international nonprofit focused on empowering women to achieve economic independence. Before that, I held the role of director of marketing of Causecast, a B Corp. Previously; I was the director of marketing and corporate relations of L.A. Works, a HandsOn Network volunteer action center

Moreover, I was an honoree of L.A. Biz's Women of Influence and the Los Angeles Business Journal's Women Making a Difference. I was also awarded the YWCA Women of Achievement Silver Medallion, the President's Volunteer Service Award, and the Points of Light Inspiration Honor Roll.

A thought leader in my field, I have contributed written work in CSRwire Talkback, Forbes, Huffington Post, Environmental Media Association, Elephant Journal, and MariaShriver.com.

I studied Communications: Public Relations with a minor in Human Services at California State University, Fullerton, graduating cum laude.

I am a leadership L.A. fellow with the Southern California Leadership Network and a member of the leadership council of Downtown Women's Center. As an advocate for empowering women, people experiencing homelessness, and underserved populations, I am an active volunteer. Inspired by my radiant son, I am also the founder of Inclusive Sol, a cerebral palsy resource platform.

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

Since a young child, I've always enjoyed helping. I would volunteer in the special needs classes during my recess and lunch. It made me feel good to learn and help

What are your areas of interest in the developmental disability field and service system?:

My areas of interest include deaf/hard of hearing, autism, down syndrome, dyslexia, and intellectual disabilities to name a few.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I wish to serve on the State Council on Developmental Disabilities or on one of its Regional Advisory Committees because I have a disability (hard of hearing) and I have a child with a disability (Aspergers, and ARFID). I am also a special education professional and having been in the field I would love to have a larger impact on ensuring students with disabilities are able to have their needs met, and also learn more about services that are available for individuals with disabilities.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

Strengths I would bring to the State Council and/or Regional Advisory Committee are my willingness to learn, I am a team-player, dependable, passionate about making a difference in children's lives, responsible, commitment to the task at hand, special education knowledge, parents perspective, educators perspective, optimistic, positive, and my forward thinking approach.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

Through the years, I have seen how difficult it is for parents like myself struggle with the same issues while trying to advocate for their adult children. We're frequently lost, once a child has left the educational system, there is a lack of information on where to turn next. Only by getting involved and doing my own research have I learned what is available. Unfortunately a lot of parents don't have the time or resources to learn about available programs for their adult children.

What are your areas of interest in the developmental disability field and service system?: Advocacy for adults with IDD's. Finding a better way for trusted family members or guardians to know what is available for their situation.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

Through advocating for my daughter & son-in-law (Adults with IDD), I have found little information readily available to parents like myself on how to help our kids, who to talk to, etc. Many parent/guardians are

lost, frustrated with not being able to advocate for their adult children. Because our loved ones are technically adults many state agencies, financial institutions and medical institutions make it very difficult to help advocate for our loved ones. I would like to work towards finding solutions for adults with IDD to be able to receive assistance from trusted caretakers without so many road blocks, which delays care for them. We need some type of system that would identify the trusted individuals without having to submit copies of Power of Attorneys or placing our adult children in conservatorship. They have the right to make their own decisions, but need a trusted individual familiar to our adult children help explain options so informed decisions.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I've been in the trenches advocating & facilitating for the adult children in my life for 30+ years, they have struggled with getting and maintaining a job, receiving health care/mental health services, and managing their finances. I am retired now, but have a professional background in finance working at our local school district and in insurance.

What are your areas of interest in the developmental disability field and service system?: Support for adults with ASD in the workforce

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I want to contribute to the services provided by the SCDD so that we can expand services and reach more consumers.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I'm a self-advocate who supports children, families, and adults with disabilities. I attend autism support groups and understand common issues we struggle with. I bring a M.A. in psychology and a background in teaching students with IEPs and 504s.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

My twin was born with autism. I've advocated for him all my life. In 2020, I co-founded a nonprofit to help kids with disabilities find neurotypical friends. I later became involved in disability rights when I worked with Disability Voices United to lobby for the passage of AB1147. Last week, we expanded our nonprofit into Africa. I received disability advocacy training through DVU's Emerging Leaders Program and the Stanford Neurodiversity Advocacy Program.

What are your areas of interest in the developmental disability field and service system?:

I've been particularly interested in early intervention strategies and ensuring access to services for individuals of all races and socioeconomic backgrounds. I'm interested in advocacy efforts to influence policy in favor of more inclusive practices.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

Having grown up with a twin diagnosed with autism, I've witnessed firsthand the challenges and opportunities that individuals with developmental disabilities encounter. This personal connection has made me deeply passionate about contributing to positive change in this field. I'm particularly drawn to the council's focus on community-based services and supports. I'm eager to join the council and make a tangible difference in the lives of individuals with developmental disabilities and their families.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I'm confident that my diverse experiences and specialized training have equipped me with several strengths that would allow me to provide immediate value. My neurodiversity training allows me to appreciate the unique abilities and challenges associated with various neurological conditions. Having this knowledge will be invaluable in shaping policies and strategies that cater to the diverse needs of this community. My experience running a nonprofit organization benefiting kids with disabilities demonstrates my commitment to creating a more inclusive society. My AB1147 lobbying work has given me valuable skills such as rallying support, understanding legislative nuances, and navigating the complexities of policy implementation. This experience makes me adept at both championing new policies and ensuring that they are effectively integrated into existing systems for maximum impact. I've also done significant research on how to effectively integrate the neurodiverse into the workplace through the articles I've written for Neurodiversity Media.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

My interests developed both personally and professionally.

I first encountered individuals labeled with IDD in Albania in 1996 and it forever changed my perspective. Since then I have worked in group homes and for Regional Center of OC. I earned an MS in Special Education and a PhD in Education (with an emphasis in Disability Policy). My professional interest led me to work at the community college level with student labeled with various educational limitations.

My daughter is labeled with IDD and Autism. I have witnessed the challenges and opportunities present in navigating through the services, resources, challenges, and systems she encounters on a daily basis. It was my experience with RCOC as well as Social Services that led my wife and I to foster/adopt a child

labeled with IDD and ASD, because we knew that she would enrich our lives and that we could be strong advocates for her.

What are your areas of interest in the developmental disability field and service system?:

I am interested in seeing that all individuals are viewed as capable of employment opportunities as well as working with industries to make them more inclusive and welcoming.

I am interested in seeing that all individuals view post-secondary education as an opportunity. In light of recent legislation in California, more students can take advantage of both credit and non-credit options regardless of perceived abilities.

I am interested in seeing all individuals find a place of belonging in their local faith community.

I am interested in seeing all individuals develop social and community supports in the community they choose.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

My passion and desire to create better pathways and increased opportunities as well as an increased sense of belonging compel me to find my own opportunities to be of service.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I believe my experience as a parent, my experience as a professional, and my knowledge earned from graduate education allow me to bring a unique perspective and skill set to the position.

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

My son, Diego, age 3 inspires me to advocate for other families/ children with Autism who do not know of services/ resources for children with disabilities.

What are your areas of interest in the developmental disability field and service system?:

My areas of interest are Autism, children / families who are just beginning their journey and how to advocate for more services for the disability community.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I would love to serve on the State Council and the Regional Advisory Committees because I am a fresh set of eyes as I have just started this journey with my child. I am the CAC/ Selpa Parent Representative for my school district. I want to connect with other parents on how we can serve and advocate for our children.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I am bilingual, a new beginning to be a advocate for disabilities and I love to help others. I am currently going with the non-profit, ZerotoThree to advocate for babies at the Capital Hill in Washington DC. I love to research on how I can help make changes for our disabled community.

I am a: parent, family member, legal guardian or conservator of a person with a developmental disability

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

No

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I have a 22 year old disabled child that I had when I was 18 years old. I have been navigating, advocating, caregiving, and learning to adapt to changes in laws and systems for my daughter, my entire adult life. In addition I learned how to do the same for others in our community. My daughter and I have brought about numerous changes to systems, supports, and advocacy in Lake County as well as the state of California.

What are your areas of interest in the developmental disability field and service system?:

Providing or obtaining equal access to resources/supports/providers across the life continuum without restrictions based on needs, disabilities/abilities, or location.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I believe I bring a wide array of knowledge and experience to the local and state level and can offer a unique prospective and insight to rural communities that is not often known, especially on the state level.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I have an extensive knowledge and experiences of the state systems and resources in rural communities in California over the last 22 years. I have navigated IEP challenges and brought changes to our local school districts for special education and school transportation. I have 18 years experience as a caregiver receiving maximum hours with IHSS. I have participated as a volunteer on the Family Advisory Committee as a parent representative for Lake County with Partnership HealthPlan of California (PHC) in 2018 when they transitioned California Children's Services (CCS) over to managed care. I worked for PHC as an Education Specialist and Community Outreach Representative for Lake and Mendocino Counties in 2019 and 2020. I attended Lake County Board of Supervisors meetings in 2021 as part of the IHSS Union (SEIU2015) Contract Action Team for negotiations for an IHSS contract. Lake County was the last County in California to receive an IHSS contract which included a raise for all IHSS caregivers. I have worked hard to obtain equipment and supplies for my daughter, often appealing decisions all the way to the state before receiving a yes answer. Because of the work I did for my daughter years ago, other children with special needs for equipment and supplies now receive them without having to go through the extensive appeal processes.

Race: American Indian/Native Alaskan, Native Hawaiian/Other Pacific Islander

I am a: person with a developmental disability, parent, family member, legal guardian or conservator of a person with a developmental disability, representative of the general public

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

Yes

Are you a member of a nongovernmental agency that does not receive regional center funding? Yes

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I am a product of ICWA and was adopted through California State Adoptions. I have encountered many struggles growing up that have brought me to where I am today. I was a young single mother of twins with disabilities. Navigating as a new mother and as a special needs mother was extremely hard. However, with the struggles together we have overcome many barriers. Without a great support system, I am not sure we would be where we are today. I am eager to help be a part of the solution and give back to a community that I have so much love and respect for. I know without a doubt if I did not have my family supporting me things would be much different for me and my children. That is why it is so important for me to give back because not every person receives support like I did. I want to build relationships and be a light to the struggling and maybe I can help someone else the way I was given help. Thank you.

What are your areas of interest in the developmental disability field and service system?: Developmental and Intellectual Disabilities for all ages. Early Intervention and I have a great heart for Autism.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I wish to serve on the State Council on Developmental Disabilities in hopes to help with the inclusion of Native American Peoples, adopted people, people that are experiencing hardships and people that have felt like they are forgotten. We all have the God given right to feel like we matter, and I want to help be the voice for the ones that feel voiceless. I have experience hard things as a mother, and I believe walking through some of those hard things helps you have empathy and a heart and ear to listen and understand.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I have studied in Early Childhood Education; I am a California Head Start child and so are my children. I have lived in big cities and rural areas and can relate to all areas of life. I work for a Non-Profit Organization Acorns to Oak Trees, that offers inclusive therapeutic services as well as culturally sensitive services such as Occupational Therapy, Speech Therapy, etc. We also provided Parent Navigator Services that allows us to train up advocates all over California. I am very savvy and driven because of my deep passion for this topic. I am as well a Peace Officer and work for the State of California. I believe if you give me this opportunity you will be pleasantly surprised of how hard working, humble and driven I am. I also would like to add that I am very involved in my community and actively attend local governmental meetings so that I can stay up to date on current events locally and as well as Statewide agenda. Thank you for your consideration and I would truly be honored for this opportunity.

Name: REDACTED

Address: REDACTED

County of Residence: Sacramento

Email: REDACTED Phone: REDACTED

Race: Hispanic or Latino

I am a: person with a developmental disability, representative of the general public

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

Yes

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I began providing services through regional center services (all services) and now I'm employed at the regional center. I was recently diagnosed with ASD as of Nov 2022. I have an extensive background in active treatment, the regional center and personal experience.

What are your areas of interest in the developmental disability field and service system?: I want to work on providing guidance on legislation, talking with members of my community for a grassroot connection and helping out members of my community more.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I wish to serve on this counsel as I have aspirations of wanting to join the house of representatives or congress as a representative of the disability, POC, LGBT and more communities. I feel that SCDD would be the next steppingstone in my journey to learn how to be in a position such as that one.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I'm an active listener with on point communication skills. I represent various communities that require further advocation and I'm the perfect advocate for this. I work hard, I'm incredibly intelligent and I'm always working for the client's best interest. Also, I will possess a master's degree with a 4.0 in clinical mental health counseling in March 2023. Needless to say, I'm educate, hardworking and really want to represent this community with every fiber in my being.

I am a: parent, family member, legal guardian or conservator of a person with a developmental disability

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

No

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council:

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I have a brother with a developmental disability who inspired my career in Special Education, from which I have recently retired. I am his Conservator, and despite my expertise in working with the population of children with special needs, I find myself frequently mystified by the complications I must confront to provide a satisfactory level of services for him. I have ideas for improvements!

What are your areas of interest in the developmental disability field and service system?:

I began my teaching career as a teacher of children with Severe Multiple Handicaps, which was the description of my students at that time. When my own children were in Elementary School, a job opportunity presented itself to teach in the Resource Specialist Program at their school, so I applied for and got the job, earning my RSP Certificate in evening classes while I worked. I found that I enjoyed teaching kids how to read, and I participated in special training to teach reading to students with problems identifying sounds in words. I enjoyed the flexibility of having the skills to teach any student with an IEP at my school. So....I am interested in helping people with a very broad range of challenges. In my role as Conservator for my brother, I've developed a keen interest in figuring out how to navigate the oceans

of paperwork required to arrange for services and how to deal with problems with service delivery,

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

In the course of being my brother's Conservator, I have encountered numerous problems that need to be addressed and fixed. I worry frequently about how much other persons with disabilities are suffering because they don't have advocates with the information they need to help them to protect their loved ones.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

With 65 years of experience as an advocate for my brother, I can identify problems and describe experiences I've had in trying to help work out solutions. I can identify sources of confusion for advocates that can be clarified by simply providing information in a user-friendly format.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I have worked in Special Education since 2008 starting as a Paraeducator while obtaining my teaching credential as an education specialist for students with moderate to severe disabilities. From 2010 to September 2022, I taught as a special day class teacher and inclusion specialist. Currently I work as a special education program specialist. I'm addition I have two children with autism diagnosed in 2016 and 2020. I have a passion for serving student and their families in special education. Additionally I am fierce advocate for students to receive the services they deserve as their offer of FAPE.

What are your areas of interest in the developmental disability field and service system?:

I have a heart for children and students with autism as it has been the focus of my teaching for the past 12 years (and as a parent!). I'm interested in increasing inclusive practices throughout California. Additionally, I'm interested in equity in services for students with different socioeconomic backgrounds, home languages, and ethnicities. Lastly, I've found a passion for IEP compliance and providing technical assistance to schools and districts in improving protocols and procedures to do so.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I believe I have unique experience in that I've chosen to pursue providing the best special education services I can for students while simultaneously advocating for my own children. I want to focus on continuous improvement through a cycle of data collection, data analysis, and action plans. There continues to be a need for capacity building and systemic change for students with disabilities to truly have access to the services and support they require.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I have many strengths that would make me an excellent member of the state council or regional advisory committee. I have a wealth of knowledge in relation to the IEP process as well as state and federal legislation. Additionally, I have worked in multiple districts and in multiple capacities in the field of special education. I am a strong verbal communicator who is skilled in collaboration with multiple stakeholders in achieving shared goals. I have supported many families in advocating for their children in IEP meetings and in speaking with special education staff.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

Through the years, I have seen how difficult it is for parents like myself struggle with the same issues while trying to advocate for their adult children. We're frequently lost, once a child has left the educational system, there is a lack of information on where to turn next. Only by getting involved and doing my own research have I learned what is available. Unfortunately a lot of parents don't have the time or resources to learn about available programs for their adult children.

What are your areas of interest in the developmental disability field and service system?: Advocacy for adults with IDD's. Finding a better way for trusted family members or guardians to know what is available for their situation.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

Through advocating for my daughter & son-in-law (Adults with IDD), I have found little information readily available to parents like myself on how to help our kids, who to talk to, etc. Many parent/guardians are

lost, frustrated with not being able to advocate for their adult children. Because our loved ones are technically adults many state agencies, financial institutions and medical institutions make it very difficult to help advocate for our loved ones. I would like to work towards finding solutions for adults with IDD to be able to receive assistance from trusted caretakers without so many road blocks, which delays care for them. We need some type of system that would identify the trusted individuals without having to submit copies of Power of Attorneys or placing our adult children in conservatorship. They have the right to make their own decisions, but need a trusted individual familiar to our adult children help explain options so informed decisions.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I've been in the trenches advocating & facilitating for the adult children in my life for 30+ years, they have struggled with getting and maintaining a job, receiving health care/mental health services, and managing their finances. I am retired now, but have a professional background in finance working at our local school district and in insurance.

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I have worked with severely handicapped adults for over 40 years and earned my Masters in Social Work (with an emphasis on disability) in 1991. In 2001, our youngest son was diagnosed with autism and I shifted my focus to autism and other DDs at that point. I earned a certificate in the behavioral intervention for autism in 2013 and passed my board-certification in behavior analysis in 2014. I am currently pursuing my doctorate in social work and researching unemployment among autistic adults. I have lived and worked within this field for over 20 years.

What are your areas of interest in the developmental disability field and service system?:

Adulthood and creating a meaningful life with autistic adults. In particular, I am interested in competitive integrated employment and implementation of the HCBS Final Rule.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I want to see changes made to the system that serves individuals with DD while preserving its unique

strengths. I also want to be part of cutting edge interventions, both their development and their implementation.

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

When I was 19-years-old I started seizing uncontrollably and was placed in induced a coma to calm my brain. I have been diagnosed with epilepsy, and importantly, I use a wheelchair to navigate the world because I can no longer walk without the assistance of an object.

For 10 years, I resided at brain injury rehabilitation center, and there I saw persons who struggled to overcome what had become of their brain. After that, I was employed at a non-profit organization that employed persons from all walks of life if they had disabilities or not.

What are your areas of interest in the developmental disability field and service system?:

I think transportation and post-transportation are important issues. All governmental transportation services (i.e. tax-payer funded), are accessible for people with disabilities. However; once the person reaches said destination, not all things are accessible even after the ADA has been passed. Notably, hotels are behind the curve when it comes it serving disabled public.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I believe that if I can iniate public policy for developmentally disabled persons it helps everyone. When the parking lots have handicapped spaces for those who need them that helps the economy grow.

When I was a young (newly divorced) Latina mother with limited financial means and no college degree I fought so hard to obtain the services and supports my children needed BUT the time and again I experienced challenges because I did not possess the financial means to fight the system. When I advocated for myself I was looked down upon, insulted, and targeted; I had to fight so much harder, but I

learned the laws and the system and that is exactly what I did. For almost 20 years I studied and read everything I could about the laws and procedures that would protected my children, I spoke to other families, and researched cases, programs, and the system in general. I recently obtained my BA in criminal justice with a concentration in human services and advocacy and I help families navigate the system and I advocate with them. Families do know the services out there or how to defend themselves and I want to be their voice and support them.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

As a parent with two very different adult children with developmental disabilities my experience is unique. In my 20 years as a parent advocate I have learned the programs and rights that support the developmentally disabled community. I never backed down when it came to children and I fought with passion and knowledge. I know firsthand what it feels like to experience discrimination and I faced that disadvantage many times as I advocated for my children. I have filed compliance complaints, Due Process, and Fair hearing. I spoke when I saw things weren't fair and now that I am at point where my own children are receiving everything they need, I speak up for others because I understand that not everyone has a voice yet and that many don't know how. I am strong believer in parent-advocates and this is not a field for attorneys to profit. They should be the last resort.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

My career started in performing arts education. I worked for a prominent regional theatre that offered a variety of accessible theatre programs, including theatre skills classes for adults and children with disabilities, as well as autism-friendly performances. The impact of these programs and services inspired me to devote my professional career to increasing access and opportunity for people with disabilities to engage in the arts. I pursued further education in disability studies, while also creating new theatre programs and community partnerships for adults with developmental disabilities. Currently, I manage a creative arts adult day program for Momentum Agencies, the largest provider of direct support services for people with disabilities in Southern California. As California is a major hub for the entertainment industry, I hope to develop more programming that increases vocational opportunities for adults with disabilities in the performing arts.

What are your areas of interest in the developmental disability field and service system?:

My experience and passion lay primarily in adult services. I have a Master's degree in Special Education, with a focus on Autism Spectrum Disorders and Applied Behavior Analysis. I am currently completing the

requirements to become a BCBA (Board Certified Behavior Analyst). I am particularly interested in the intersection of disability services and creative arts programs, including vocational training and opportunities, recreation and leisure activities, and creating art about disabilities in various media. As part of my graduate studies, I conducted original research in which I examined the effectiveness of a behavior analytic approach on teaching a performing arts vocational skill to an adult woman with autism, and I will be submitting the study for publishing in the coming year.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

As a new California resident, I want to become a fierce advocate for the disability community, and contribute all that I can toward improving the lives of all people with disabilities. As a person who works directly with a population with very high support needs, I want to help the people I care for every day have a voice and strong representation at the state level. I want to influence public policy toward a better future for the people I care about.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

My years of experience with various populations and service lines, as well as my advanced degree will all be of great benefit to the council. I also consider myself an extremely passionate individual, and a superlatively hard worker. My skills in writing, speaking, advocating, and teaching make me an ideal candidate to sit on this council.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I am a parent to a 3-year-old who was diagnosed 2 weeks after turning 1 year old with spastic quadriplegic cerebral palsy. I am also the founder of Inclusive Sol - A cerebral palsy resource platform and hub to provide support for parents and caregivers as they navigate caring for a child with a disability. You can read the website in various languages, have the option to sign up for monthly e-newsletters to learn more about the cerebral palsy community, stay up-to-date on the latest tools and resources, receive special offers, etc.

As for my interest in service system development, I am intrigued by the collaborative work by various stakeholders to deliver key services to those in need like people with developmental disabilities.

What are your areas of interest in the developmental disability field and service system?:

Cerebral Palsy - physical disabilities, developmental services, early start intervention, regional center services, service access, and equity (resources/community engagement).

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I live by the words of Mahatma Gandhi, "My life is my message." Therefore, I want to be part of the solution and contribute to the greater good by being of service to the State Council on Developmental Disabilities or one of the Regional Advisory Committees. Since I currently work full-time, it seems like the best option is to apply for the RAC. I'd love to possibly connect with someone to discuss the feasibility of going to meetings every other month to Sacramento and if dates are determined ahead of time for planning purposes.

I am confident I can contribute my skills, experience, and qualifications to the role that I am best suited for. By collectively having diverse members with various expertise in a council or a committee, we can ensure that people with developmental disabilities and their families receive the services and support they need. I want to understand and work with the various systems in place and remain involved locally in Los Angeles where I reside. I embrace servant leadership and I am driven to contribute to methods to improve and increase services for individuals and their families with developmental disabilities. I don't want to be on the sidelines and would be honored to contribute to the conversation of enhancing independence, productivity, and inclusion for people with developmental disabilities.

Also, I have applied for the State Interagency Coordinating Council (ICC) on Early Intervention last month. I can probably only do one role if chosen, so I thought I would share with you for reference. I have not heard anything back yet on the status of my application.

What strengths would you bring to the State Council and/or Regional Advisory Committee?: I specialize in social impact work. Purpose-driven, I bring people together and leverage the strength of communities.

I champion partnership building, community relations, and corporate social responsibility and organize socially conscious campaigns and events for the past fifteen years.

I currently manage the Los Angeles Regional Initiative for Social Enterprise (LA:RISE) at The Roberts Enterprise Development Fund (REDF). LA:RISE is an innovative partnership that unites the City and County of Los Angeles workforce agencies with employment social enterprises to help people overcoming high employment barriers get jobs, stay employed, and build a better life.

As a consultant, I have worked with the City of West Hollywood, Farmers Insurance, ZipRecruiter, and more to achieve each client's strategic goals. Prior to my present enterprising ventures, I was formerly the executive director of Dress for Success Worldwide-West, an international nonprofit focused on empowering women to achieve economic independence. Before that, I held the role of director of marketing of Causecast, a B Corp. Previously; I was the director of marketing and corporate relations of L.A. Works, a HandsOn Network volunteer action center

Moreover, I was an honoree of L.A. Biz's Women of Influence and the Los Angeles Business Journal's Women Making a Difference. I was also awarded the YWCA Women of Achievement Silver Medallion, the President's Volunteer Service Award, and the Points of Light Inspiration Honor Roll.

A thought leader in my field, I have contributed written work in CSRwire Talkback, Forbes, Huffington Post, Environmental Media Association, Elephant Journal, and MariaShriver.com.

I studied Communications: Public Relations with a minor in Human Services at California State University, Fullerton, graduating cum laude.

I am a leadership L.A. fellow with the Southern California Leadership Network and a member of the leadership council of Downtown Women's Center. As an advocate for empowering women, people experiencing homelessness, and underserved populations, I am an active volunteer. Inspired by my radiant son, I am also the founder of Inclusive Sol, a cerebral palsy resource platform.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

Since a young child, I've always enjoyed helping. I would volunteer in the special needs classes during my recess and lunch. It made me feel good to learn and help

What are your areas of interest in the developmental disability field and service system?:

My areas of interest include deaf/hard of hearing, autism, down syndrome, dyslexia, and intellectual disabilities to name a few.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I wish to serve on the State Council on Developmental Disabilities or on one of its Regional Advisory Committees because I have a disability (hard of hearing) and I have a child with a disability (Aspergers, and ARFID). I am also a special education professional and having been in the field I would love to have a larger impact on ensuring students with disabilities are able to have their needs met, and also learn more about services that are available for individuals with disabilities.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

Strengths I would bring to the State Council and/or Regional Advisory Committee are my willingness to learn, I am a team-player, dependable, passionate about making a difference in children's lives, responsible, commitment to the task at hand, special education knowledge, parents perspective, educators perspective, optimistic, positive, and my forward thinking approach.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

My twin was born with autism. I've advocated for him all my life. In 2020, I co-founded a nonprofit to help kids with disabilities find neurotypical friends. I later became involved in disability rights when I worked with Disability Voices United to lobby for the passage of AB1147. Last week, we expanded our nonprofit into Africa. I received disability advocacy training through DVU's Emerging Leaders Program and the Stanford Neurodiversity Advocacy Program.

What are your areas of interest in the developmental disability field and service system?:

I've been particularly interested in early intervention strategies and ensuring access to services for individuals of all races and socioeconomic backgrounds. I'm interested in advocacy efforts to influence policy in favor of more inclusive practices.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

Having grown up with a twin diagnosed with autism, I've witnessed firsthand the challenges and opportunities that individuals with developmental disabilities encounter. This personal connection has made me deeply passionate about contributing to positive change in this field. I'm particularly drawn to the council's focus on community-based services and supports. I'm eager to join the council and make a tangible difference in the lives of individuals with developmental disabilities and their families.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I'm confident that my diverse experiences and specialized training have equipped me with several strengths that would allow me to provide immediate value. My neurodiversity training allows me to appreciate the unique abilities and challenges associated with various neurological conditions. Having this knowledge will be invaluable in shaping policies and strategies that cater to the diverse needs of this community. My experience running a nonprofit organization benefiting kids with disabilities demonstrates my commitment to creating a more inclusive society. My AB1147 lobbying work has given me valuable skills such as rallying support, understanding legislative nuances, and navigating the complexities of policy implementation. This experience makes me adept at both championing new policies and ensuring that they are effectively integrated into existing systems for maximum impact. I've also done significant research on how to effectively integrate the neurodiverse into the workplace through the articles I've written for Neurodiversity Media.

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

My interest and knowledge in the field of developmental disabilities and the service system developed as a result of my son's health conditions. Specifically, my son was diagnosed with narcolepsy, cataplexy, and ADHD, which sparked my desire to learn more about these conditions and how to provide him with the best possible support.

To gain information and a better understanding of these conditions, I have sought guidance from healthcare professionals specializing in sleep disorders and child psychiatry. Through these consultations, I have acquired knowledge about the symptoms, treatments, and recommended management strategies to help my son lead a fulfilling and satisfying life.

Additionally, I have engaged with support groups and organizations dedicated to these specific conditions. These groups have provided me with valuable resources, up-to-date information, and the opportunity to connect with others who are going through similar situations. Through these connections, I have been able to share experiences, receive emotional support, and learn from successful strategies

used by other caregivers and families.

What are your areas of interest in the developmental disability field and service system?:

My interest and knowledge in the field of developmental disabilities and the service system have developed through my personal experience as a caregiver to a son with narcolepsy, cataplexy, and ADHD. I am committed to using this knowledge to provide the best possible support to my son and other individuals facing similar challenges.

Do you want to serve on a Regional Advisory Committee: Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I am a special education advocate and former special education teacher. As such, I'm highly committed to advancing the rights of people with disabilities in the community. On a personal note, I also have 2 siblings with significant disabilities. So, I have had a lifetime of experience with the process of assuring their personal, professional, and educational needs were met.

What are your areas of interest in the developmental disability field and service system?:

I don't necessary have a highly specific area of interest. I am very motivated by social justice, equity, and destigmatization. My professional experience is almost entirely in the arena of public special education, so educationally related areas may be where my expertise is most valuable. I'm certainly open to branching out.

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

As a child with orthopedic impairments in the early 90's, although I was in advanced classes, I was "parked" in the special day class while my class went on field trips, had field days and PE, and sometimes even recess. When we were allowed to join the other kids, the ramp was extremely steep, and many of us couldn't maneuver down it easily. At times I used a wheelchair, and I found myself constantly struggling to access different areas of the community, even my school and synagogue. This shared struggle, and our time together, made those students my friends and allies. I learned that, regardless of disability status, some people are just wonderful humans. This experience began in third grade. I have been involved in the community in one way or another since then.

Additionally, I am on the spectrum, and have always been drawn to others in my community. Although I've been working in this field for 20 years, it wasn't until a year ago that I finally received my own diagnosis. Practitioner after practitioner refused to evaluate because I "can hold a conversation" or "look people in the eye". Ultimately, it took one openminded practitioner to investigate and confirm what I and those near

me suspected.

What are your areas of interest in the developmental disability field and service system?:

I have spent a majority of my professional career working in the field of education. I am currently an Education Specialist working with students with higher levels of need. I am passionate about changing this field, often chipping away at the cracks little by little. Changes don't happen quickly, but each additional service provided, IEP goal met, and smile are evidence of change.

I spent a year as a QIDP with the Arc of San Diego, and 4 years as a Program Manager with Options for All. The nonprofit sector continues to hold a place in my heart.

As the primary care provider of a 33 year old with Fragile X, I am still closely linked to the nonprofit world. I find myself struggling at times with accessing services for my son. If I have a difficult time working within the system, how must the people without knowledge of or experience with the system navigate their journey?

Finally, an area of interest of mine that is rapidly growing, is the ethics associated with the efficacy and implementation of behavioral interventions. Previously, I was a Behavior Intervention Specialist, then teacher, at a Separate Site High School. All of the students on campus experienced challenges with self-regulation and communication, which contributed to some rather intense and dangerous behavioral expressions. The behavioral intervention experiences I have had have all been based in ABA. I would love to invest time and energy into encouraging the exploration of alternative techniques, which consider the person and their needs more deeply, rather than the control of another's behavior.

As you can see, my goals and areas of interest are varied, yet simple. Increased access, autonomy, advocacy, and happiness are the roots of my mindset and framework.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I have spent my career making changes from within. I have had to figure out where each line is drawn and what each mandate or law imposes, to know how far I can push to make the changes I'd like to see. Being involved in the processes associated with these pressing issues sounds like a good opportunity to aid in make the changes so many want to see. By working with other similarly-minded people, my hope is we are able to see the need for change, or make new resources and information available to encourage action.

As a lifelong advocate for others, including those with disabilities, I have a relentless passion for empowering others to control their lives and pursue their dreams. Over the years I have seen enormous changes in the perception and treatment of those with whom I work. But empowerment doesn't stop at self-esteem. Advocacy isn't just about ordering one's own food. My ultimate vision is to see a full societal integration of those with disabilities. Why this vision is not yet fully realized, I do not know. But by humanizing all of our community members, I know these incremental changes will continue to gain momentum.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

In working with others in a group setting, and on a variety of committees, I've found myself playing a repeat role. I tend to be the logical dreamer, the what-if buster. I bring creative solutions and ideas to the table, to address the strengths and interests of each team member involved in the process. I am highly driven by the pursuit of knowledge and action. I am not simply interested in this topic, I am living every aspect of this topic.

AGENDA ITEM 12.

ACTION ITEM

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES – MEMBERSHIP COMMITTEE

Membership Process: RAC and Local SDACs

Executive Director Aaron Carruthers will review the current process for selecting members of SCDD Regional Advisory Committees (RAC) and Council appointments to local Self-Determination Advisory Committees (Local SDAC).

The committee will consider staff recommendations for changes to this process.

Recommendation

Establish a workgroup to vet and appoint Local Self-Determination and Regional Advisory Committee members.

Attachment(s)

RAC/Local SDAC Detail Sheet

MEMBERSHIP AGENDA ITEM DETAIL SHEET

ISSUE: Long-term vacancies for Regional Advisory (RAC) and Local Self-Determination Advisory Committee (Local SDAC) Membership.

SUMMARY: To reduce the length of time seats sit vacant, staff is recommending that the Membership Committee establish a workgroup to appoint members to serve on the RACs and Local SDACs.

BACKGROUND/ISSUES/ANALYSIS: The Membership Committee meets periodically to review applications, make Council appointment recommendations to the Governor's Office, and appoint people to serve on RACs and Local SDACs.

If applications are received in between meetings, RAC and Local SDAC seats may sit vacant for months. To make these appointments more timely Council staff is recommending that the Committee establish a workgroup consisting of the Membership Committee Chair, Executive Director, HQ Operations & Committee Support Manager, and Regional Office Mangers to appoint Regional Advisory and Local Self-Determination Advisory Committee members.

The workgroup would complete the necessary staff work to reappoint and/or fill vacancies for regional advisory and local self-determination advisory committees and report these activities to the Membership Committee at the next appropriate meeting. This would allow vacancies to be filled in a timely manner while maintaining previously established processes for the recruitment and vetting of candidates.

PRIOR COUNCIL ACTIVITY: On May 29, 2014, the Council adopted Bylaws establishing a Membership Committee that would, among other things, coordinate Council and public input regarding Council appointments.

On November 19, 2014, the Council acted to adopt revisions to the Bylaws that would allow the Membership Committee to make recommendations for Regional Office Advisory Committee appointments.

In March 2015, the Council provided more specific guidance regarding the role and responsibilities of the RACs.

Effective January 2015, Council Bylaws specified that the Membership Committee would be delegated to recruit, solicit, and advise the Governor's Office on vacancies of the Council and make recommendations on the membership of any advisory committee that the Council may establish.

On October 29, 2015, the following process was established for RAC appointments:

 Headquarters processes applications and forwards them to the appropriate regional office for review by the RAC or the RAC's Membership Committee. The regional manager submits the recommendations from the RAC or the RAC's Membership Committee to HQ for consideration by the Council's Membership Committee.

On March 6, 2017, the Membership Committee began reviewing and appointing Local SDAC membership pursuant to WIC 4685.8(w)(1) which states that:

 Each regional center shall establish a local volunteer advisory committee to provide oversight of the Self-Determination Program Statute goes on to state that the regional center and the State Council on Developmental Disabilities shall each appoint one-half of the membership of the committee.

The law says that the make-up of each Local SDAC shall consist of the regional center clients' rights advocate, consumers, family members, and other advocates, and community leaders, including a representative from a family resource center. However, a majority of the committee shall be consumers and their family members. The committee must reflect the multicultural diversity and geographic profile of the regional centers catchment area.

RECOMMENDATION: Establish a workgroup to review, vet and appoint/reappoint the membership of RACs and Local SDACs.

PREPARED: Robin Maitino-Erben, October 29, 2023.

Has Your Name Been Selected To Participate In The Roll Out Of The Self-Determination Program?

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

My interest started with my desire to support my son. I was unaware of the disparities that we'd face; And because of the indignities that we've exprienced I'm committed to educate myself and to educate and bring awareness to others that our voices count and are needed to speak on behalf of those that can not speak up for themselves, like my son Gabriel.

What are your areas of interest in the developmental disability field and service system?: Self-Determination; Equity; Housing; Reducing disparities; Awareness; Systemic change

Please describe any previous experience with Self-Determination and explain why you wish to serve on the Self-Determination Advisory Committee?:

My experience with Self-Determination has been supporting my son Gabriel for 23 years and most recently with the Self-Determination program journey in which he embarked September 2022 and entered the Self-Determination program April 1st 2023; however there are still services pending due to the barriers and gatekeepers. I wish to serve on the Self-Determination Advisory Committee to support all the "Gabriel's" entering the self-determination program by bringing a perspective of a parent that understands that systemic problems require systemic solutions.

Has Your Name Been Selected To Participate In The Roll Out Of The Self-Determination Program?

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I have interacted with individuals with developmental disabilities for almost half a century. My knowledge peaked during my fellowship training when I explored the current systemic failures that we have created for individuals with developmental disabilities. I was disturbed to see horrific images of how the staff at Willowbrook State School allowed children with intellectual and/or developmental disabilities walked around the room with little to no clothes on or let them eat food covered in feces which led to many of the Willowbrook residents to contract hepatitis A.

However, when I advocated for my own child at IEP meetings, medical appointments, and social services meetings, I knew I had to work 10x harder to ensure individuals with developmental disabilities get honest and quality care while they are treated with dignity and respect.

What are your areas of interest in the developmental disability field and service system?:

The areas I am interested in are special education, social services, job training, early intervention, and medical homes.

Please describe any previous experience with Self-Determination and explain why you wish to serve on the Self-Determination Advisory Committee?:

I am currently in the process of getting into SDP. I have completed my PCP and reviewed my budget. I am looking for an FMS who would be willing to work with me because the FMS I want to work with is

completely full until 2024. In addition, I have attended a couple of SDP trainings through CVRC. I would be of great benefit on the SDP Advisory Committee by reviewing the development, providing updates on SDP issues, and providing ongoing progress of the Self-Determination Program. Additionally, I would make sure that current operations align with SDP while advancing the five principles of self-determination. We all want to strive for consistent operations and meet the requirements for SDP while striving for improvement to DDS and the regional center.

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

As a parent, I have advocated for my daughter for over twenty years.

What are your areas of interest in the developmental disability field and service system?:

Expanding enrollment opportunities and participation among underrepresented populations and ensuring the focus is always on the five principles of self-determination for decision-making.

Please describe any previous experience with Self-Determination and explain why you wish to serve on the Self-Determination Advisory Committee?:

I have been my daughter's IF since Sept. 2022. An employee at SDRC encouraged me to help other families. I received a lot of beneficial training. When I began to help other families, it was not the knowledge of SDP so much that made families hire me; they said it was something from my heart that they felt. That gave me confidence. I wish to be on SDAC because, through my career experience, I have always worked on improving processes, systems, and policies and working with teams of people. My degree is in Business Process Improvement, my Master's in Public Administration, and I am a retired Certified Public Accountant and Director of Finance. I have over 30 years of experience in county, city, and state governments, non-profits, and higher education. Being on a committee is a means for me to contribute to sustaining the SDP program, as I see issues emerging that are moving us away from the principles that are foundational. Without a firm foundation, a structure will become weak and eventually

collapse. It does not make sense to build on a foundation that is not reinforced. Being on a committee would be a new experience. There is room for growth. I would have to adjust to the slower pace at which change happens compared to a project management team.
