

# 2024 Policy Priorities

## Recommendations and Discussion

---

- Because of current events, staff is recommending “Health, Home, Work” as the priorities to focus on during the 2024. This theme is based on housing, mental health and employment.
- “Health, Home, Work” is a well-timed approach that will support many of the priorities you as committee members have raised. It includes topics like housing, mental health and employment.

# 2024 Policy Priorities

## Recommendations and Discussion

---

1. Health – mental health is a big topic right now due to the Governor’s changes in the Mental Health Services Act this year and the creation of CARE Courts last year.
2. Home – housing is a big focus for other disabilities advocates, this week there are two summits focused on how we can help people with disabilities who are either unhoused or at risk of becoming unhoused.
3. Work – Council is releasing our first 2024 annual SB 639 report on subminimum wages and we are working with CHHS on the Employment 1<sup>st</sup> Office.

# Discussion

---

- Do You Have Policy Suggestions that fall into one of these areas?
- Do you have other ideas?

# Staff Recommendation

## Recommended Motion

LPPC recommends that the Council focus on legislative priorities that fall under the theme of “Health, Home, Work” during 2024.
