BACKGROUND

California's State Council on Developmental Disabilities (SCDD) advocates for, promotes and implements policies and practices designed to achieve self-determination, independence, productivity and inclusion in all aspects of community life for Californians with intellectual and/or developmental disabilities (I/DD) and their families. Its goal and mission are to improve the lives of people with I/DD (PwI/DD) in measurable ways through engaging in and promoting self-advocacy, capacity-building, and systems change.

SCDD (Council) is established by both federal law ([Developmental Disabilities and Bill of Rights Act](#)) and state law ([Lanterman Developmental Disabilities Services Act](#) [Welfare and Institutions Code §4520 et seq.]). The Council is funded by the U.S. Department of Health and Human Services (DHHS), Administration for Community Living (ACL), Office on Intellectual and Developmental Disabilities (OIDD).

Federal law requires the Council to identify methods to improve and increase services for individuals with I/DD and their families and to submit these to the ACL in the form of a 5-year State Plan. The Council's primary work is achieving the State Plan goals, objectives, and strategies through its projects and activities.

THE COUNCIL'S 5-YEAR STATE PLAN

The State Plan is developed with extensive community input from stakeholders throughout California. It identifies and is responsive to critical, current, and emerging issues facing Californians with I/DD and their families through three (3) broad goals and nine (9) more specific objectives. SCDD implements its State Plan through a series of five (5) annual work plans that include dozens of special projects and thousands of regional and statewide activities.

2022 - 2026 State Plan Goals

- 1. Self-Advocacy:** By 2026, the Council will maintain and/or increase the number of people with intellectual/developmental disabilities to become strong self-advocates, peer trainers and community leaders.
- 2. Systems Change/Advocacy:** By 2026, the Council will lead in partnership with family/self-advocates and others to protect and enhance civil rights to improve community-based systems and be more fully inclusive and supportive of people with intellectual/developmental disabilities and their families.
- 3. Capacity-Building/Advocacy:** By 2026, the Council will increase partnerships with and support of more people with intellectual/developmental disabilities and their families, so they know their rights and can advocate for and receive supports and services.

The State Plan provides annual information on its projects, activities, outcomes and impacts to the federal Office on Intellectual and Developmental Disabilities (OIDD), identifying how the Council invests its resources to support people with I/DD, their families, and communities throughout California. The 2022-2026 State Plan can be accessed on the SCDD website: [SCDD – State Plan | SCDD \(ca.gov\)](#).

CYCLE 47: PROGRAM DEVELOPMENT GRANT (PDG) OVERVIEW

One of the many ways the Council (SCDD) works to achieve its State Plan objectives is by awarding Program Development Grants to community-based organizations to research, develop and/or implement innovative programs and promising or best practices throughout the state and its local communities.

SCDD is entering the Cycle 47 grant period as part of its 2024-25 State Plan work. The Council has allocated a total of \$300,000 to fund Cycle 47 projects in one or more of the following proposed topic areas: Health (Tribal), Self-Advocacy (Plain Language), and Self-Advocacy (Isolation). The Council understands that the final list of approved grant projects may not address all three (3) of the targeted topic areas. The Council will consider all proposal submissions and choose one (1) or more grant-funded projects (that combined) will not exceed the full \$300,000 budgeted amount.

More detailed information about each focus and specific topic area (below) may be found in the Project Descriptions, which can be accessed through the links below:

Health and Safety (Tribal Health) ([Health and Safety \[Tribal Health\] Project Flyer](#)):

SCDD is seeking a grantee to actively engage with Tribal health organizations in California to provide plain language materials, outreach, and training opportunities to connect Native Americans with critical information about health-related topics (e.g. developmental milestones, disabilities, early diagnosis/intervention, etc.), supports, and services.

Self-Advocacy (Plain Language) ([Self-Advocacy \[Plain Language\] Project Flyer](#)):

SCDD is seeking a grantee to develop a comprehensive, accessible, culturally relevant training project that would teach PwI/DD and family advocates how to convert hard-copy and/or web-based information, documents, curricula, resources, etc. into accessible, plain language formats, and provide information, training and technical assistance to support those who are interested in applying these skills to obtain employment and/or develop micro-businesses.

Self-Advocacy (Isolation & Loneliness) ([Self-Advocacy \[Isolation\] Project Flyer](#)):

SCDD is seeking a grantee to develop a comprehensive, accessible, culturally relevant project to reduce social isolation and loneliness that will assist PwI/DD and other disabilities to develop or improve social skills, identify and develop their interests and hobbies, and locate or create opportunities to engage meaningfully with their peers/communities.

APPLICANT ELIGIBILITY CRITERIA

The Council will award funding, on a competitive basis, to California-based agencies and organizations that represent and/or serve individuals with intellectual, developmental and/or cross-disabilities. Eligible Applicants include:

- Local government agencies
- Non-government organizations
- Tribal organizations
- Community-based non-profits
- Established coalitions that are classified as 501(c)(3) tax exempt under the Internal Revenue Services (IRS) Code

Under this definition, community is defined as a city, a group of cities, a county, a group of counties, and/or Tribal land(s). Applicants may submit proposals as a single organization or on behalf of a consortium of organizations.

AVAILABLE FUNDING AND PROJECT TERM

The Council has approved a total fund of \$300,000 to be allocated for one or more Cycle 47 grants. Program Development Grants will be awarded and completed on the upcoming federal fiscal year cycle (October 1, 2024 – September 30, 2025), consistent with the focus areas listed above and the goals and objectives outlined in the 2022-2026 SCDD State Plan.

APPLICATION REQUIREMENTS

Grants awarded through the PDG Cycle Grants process will be administered through the Council’s headquarters office. During this process, the Council will: 1) ensure that all proposals are fairly and consistently reviewed and evaluated; 2) monitor compliance with state and federal laws and policies; and, 3) recommend awarding grants to the highest ranked proposal(s), based on available funding and the outlined criteria.

The Council’s grant application, accessed via the GrantVantage online platform, has two main components: Application and Budget Template. The Application contains specific questions

and upload requirements in three different sections: Grant Project Data, Grant Project Narrative, and Declarations. All sections, questions and document/signature uploads must be fully complete. The Budget Template requirements are outlined in the “instructions,” which are provided on the Budget Template page. Any missing or incomplete sections will result in an application submission failure.

Some sections of the application are subject to scoring and will be marked as to the total number of points possible. Other sections – while not scored – must still be completed. If required information, application components/sections or documents have not been fully provided by the applicant, the application will be disqualified and rejected upon final review by the Grants Analyst.

Match (Cost Share) Requirement

All awards made by the Council will include a non-federal match (cost share) requirement, per §126 (a) of the Developmental Disabilities Act. The non-federal match (cost share) requirement has two tiers based on the service area poverty status:

- 10% non-federal match (cost share) for projects that serve individuals living in urban or rural poverty areas as determined by the US Census.
- 25% non-federal match (cost share) for all other projects.

The most common forms of match to meet this requirement are in-kind commitments or cash. The match requirement and amount is included the award contract. Supporting documentation must be submitted to document all match contributions.

Match (Cost Share) Requirement

The non-federal match requirement is implemented as a cost share of the total project budget. For projects working in non-poverty areas, the investment of federal funds (subaward amount) cannot exceed 75% therefore the non-federal investment (match) in the project must be no less than 25%. Similarly for projects working in poverty areas, the investment of federal funds (subaward amount) cannot exceed 90% therefore the non-federal investment (match) in the project must be no less than 10%.

25% Non-federal Match (Cost Share) Calculation: Example

1. Total Project Budget Method
 - Total Project Budget = \$20,000
 - Minimum Non-Federal Match (Cost Share) = $\$20,000 \times 25\% (.25) = \$5,000$
 - Maximum Federal Fund Investment = $\$20,000 \times 75\% (.75) = \$15,000$
2. Federal Fund (Subaward) Request Method
 - Federal Funds (Subaward) Request = \$15,000

- Total Project Budget = \$15,000 / .75 = \$20,0000
- Minimum Non-Federal Match (Cost Share) = \$20,000 - \$15,000 = \$5,000

Online Application Advisory

Applicants are encouraged to submit applications at least two hours before the Funding Announcement closing time. Applicants that encounter what they believe are technical system errors must report these to the GrantVantage Support desk with screenshots and a summary explanation, using this email: ApplicantSupport@grantvantage.com.

Due to the variance of applicant internet speeds, applications with attached documents will take time to process. Applicants are cautioned to submit the application and additional material at least 20 minutes before the closing time to allow the application to be fully processed. If you submit your application minutes before the announcement deadline time, the announcement may close in the middle of processing that application. If this occurs, the agency will not have 'received' your application in a timely manner and it will be disqualified from further consideration.

Additionally, we encourage all applicants to submit within two (2) hours of the closing deadline to ensure sufficient time for the Technical Assistance team to respond to any reported technical system errors. SCDD staff will be available to respond to inquiries until **May 1, 2024**. For additional information, please attend the Technical Assistance Clinics (please see enclosed schedule) prior to the submission deadline for additional information. For additional technical support questions about the application platform, applicants may email GrantVantage directly at applicantssupport@grantvantage.com.

For questions regarding the application process, applicants may email:
grantscontracts@scdd.ca.gov

All applicants are advised to read the GrantVantage Step-by-Step Applicant Guide and the GrantVantage Applicant Instructions, located as attachments to the Funding Announcement, which may be found through the following links:

[Step by Step Guide for GrantVantage Platform \(ca.gov\)](#)

[Funder Portal - Applicant instructions - Master Guide](#)

The Applicant Instructions will inform applicants how to begin, complete, and submit an application.

Examples of events that are NOT considered Technical System Errors:

- Failure to follow funding announcement instructions
- Failure to follow Application Instructions
- Local internet challenges at the time of submission on deadline day
- Unable to see/locate final application 'Submit' button
- Forgotten username or password credentials
- Security violation and/or locked out of system resulting from a forgotten password or too many wrong attempts
- Failure to notify the GrantVantage Support Desk (ApplicantSupport@grantvantage.com) two (2) hours prior to the submission deadline
- The Funding Announcement closes in the middle of the application submission process while the 'Processing' indicator is still active. This occurs when applicants try to submit too close to the deadline time and the Funding Announcement closes. If this occurs, SCDD will not have officially received the application in a timely manner.

REPORTING & BILLING REQUIREMENTS

The Applicant/Contractor shall agree to the following reporting requirements:

Bi-Monthly Reporting

Submission of bi-monthly progress reports will be completed in a format and manner prescribed by SCDD. These reports shall include, but not be limited to: whether the project is on schedule, issues related to project operations and supervision, and/or identifying/reporting difficulties or specific problems, so that remedies can be developed and implemented in a timely manner.

SCDD collects both quantitative (numerical) and qualitative (narrative) data from grantees on a bi-monthly basis through its online Qualtrics platform. These reports are designed to identify how many people (e.g. self-advocates [SA], family advocates [FA] and/or others) have been reached and/or impacted through the grantee's work. Other quantitative data may include (but not be limited to):

- Number of meetings (with other entities and/or collaborative partners) held
- Number and type of events held
- If applicable, the number of SA/FA/peers prepped for collaborative work, etc.

Also on a bi-monthly basis, grantees are expected to provide qualitative information (updates) about project development and progress, types of activities, barriers encountered and the applied solutions, collaborative partners, lessons learned, future recommendations and/or program considerations, etc.

At the grantee's request, SCDD will provide technical assistance, information, etc., as needed, through its HQ Operations & State Plan Manager and/or Contracts and Grants Analyst.

The Council reserves the right to require grantees to collect data that is not included in the grantee's original proposal but that Council deems necessary to demonstrate project impact, based on federal guidance. Grantees are required to collect and report on the identified outputs, outcomes, performance measures, and related demographic data in bimonthly and/or final reports.

Final Report

The final end-of-project report will be submitted within 45 days (by November 15th or earlier) after contract termination or successful completion (on September 30th or earlier). The final report should include wrap-up information and all deliverables (e.g. training curricula, reports, resources, tools, etc.) via electronic, camera-ready and/or master copy developed in the performance of this contract/project. This comprehensive report should include (but not be limited to) project findings (e.g. research results, barriers encountered, promising/best practices used and/or established, lessons learned, etc.) and recommendations for legislative/policy changes, project continuation and/or replication, etc.

Billing

Billing invoices must be submitted with bi-monthly and/or final report(s). All supporting expense documentation must be enclosed with each billing, including, but not limited to: receipts for purchases, travel claims, payroll reports, etc.

SCDD reserves the right to withhold payment on invoices submitted until all acceptable and timely reports have been received.

PROGRAM EVALUATION AND SELECTION PROCESS

Phase 1: Administrative Review

Proposal submissions will be reviewed and evaluated for timeliness and completeness of required project components, details and other requirements. In this initial review stage, reviewers will verify submitted proposal applications and determine whether or not: 1) all necessary documents have been uploaded; 2) the budget report is accurate (including the correct match amount); and, 3) the minimum qualifications have been met, as compared to the checklist of required documents. Proposals that do not meet the necessary requirements will be disqualified and rejected.

Phase 2: Scoring Panel

As established by the SCDD Executive Director, the Scoring Panel will review project proposals that have passed the administrative review process and score them in accordance with the Proposal Evaluation Scoring Criteria. The Scoring Panel members are qualified staff and members of the State Council on Developmental Disabilities with the requisite knowledge and/or experience in the supports and services needed by Californians with I/DD and their families and the processes/requirements related to the Council's Program Development Grants.

Proposal Evaluation

Scoring Criteria:

Each eligible proposal will be scored as follows. A maximum of 150 points may be awarded by each member of the review team.

TOTAL POSSIBLE POINTS:	150

Minimum Score:

A minimum score of seventy-five percent (75%) of the total possible points is required in consideration for a grant contract award.

Rounding of Scores:

Decimal point scores will be rounded up to the nearest whole number (i.e. 20.54 will become 21).

Tiebreakers:

In the event of a tie, the Scoring Panel will break it by awarding the contract to the proposal with the highest score in the Project Description category.

If scores in the Project Description category are the same, the tie will be broken by the highest score in the Implementation Plan category.

If both the Project Description and Implementation Plan scores are the same, the tie will be broken by the highest score in the State Plan category.

ALLOWABLE AND NON-ALLOWABLE PDG GRANT COSTS

The purpose of the PDG program is to provide resources necessary to initiate new services/supports that are creative, innovative, and needed for and by people with I/DD and/or their families. These funds may not be used to purchase goods or services, for which another funding source is available, or to supplant existing funding. Proposal budgets should include all necessary expenses for the applicant to complete the project.

Each line item in the budget will be reviewed to determine whether it is allowable and reasonable. The Council reserves the right to request a revised budget. The Federal Office of Management and Budget (OMB) has established uniform administrative requirements and cost principles for determining allowable costs chargeable to Federal awards. The Contractor agrees to abide by Title 2 of the Code of Federal Regulations, Part 200 (2 C.F.R. 200 et seq.), except where this Agreement is more restrictive. The federal regulations are available for review on the Internet at www.efcr.gov under "Title 2-Grants and Agreements."

The following list contains some examples of allowable and non-allowable PDG contract expenditures:

1. Funds may not be used to purchase real property.
2. Funds may not be used to purchase childcare vouchers.
3. Funds may be used to modify facilities to meet fire and life safety requirements of the Fire Marshal and/or the applicable licensing agency. The applicant will be required to submit three bids for each facility.
4. Rent for an office and/or facility is a reimbursable expense, as long as staff funded through the grant is working at or from the office/facility. The rent shall not exceed the rental rates for a facility of equivalent size in the same or similar geographical area.
5. Equipment may be leased; it may not, however, be leased with an option to purchase. The Contractor shall provide SCDD with copies of agreements for all equipment leased during the contract period.
6. The following are examples of equipment that may not be purchased or purchased only with prior approval:
 - Motor vehicles may not be purchased.
 - Computers may only be purchased with prior approval from SCDD.
 - Copy machines may not be purchased; they may, however, be leased during the contract period.
 - Any equipment or item that is to be attached to a facility or vehicle, which cannot be removed in usable condition from that facility or vehicle, may not be purchased.
7. Funds may not be used for modifications that are solely aesthetic in nature or are not necessary to meet fire and/or life safety requirements.
8. Any reimbursement for necessary travel expenses and per diem shall be at rates set in accordance with allowable state guidelines and per diem and mileage rates. Please visit <https://www.calhr.ca.gov/employees/pages/travel-reimbursements.aspx> for information on reimbursement rates and travel/cost restrictions.
9. Funds shall not be used to purchase food or beverages for event participants nor to purchase free giveaway or gift items commonly referred to as S.W.A.G. ("stuff we all get") such as water bottles, t-shirts, key chains, etc.
10. Costs related to disseminating information about project outcomes can only be included in the funding request if the expense is to be incurred during the term of the contract period.

11. Personnel whose full-time salaries are paid through Cycle 47 funding are not to be assigned to outside or additional duties. SCDD reserves the right to verify and determine whether grant-based staff time has been committed to other jobs/projects.
12. Funds may be used to secure insurance coverage to assure that, prior to contract approval, Contractor, other than a self-insured public entity, can furnish to the SCDD a Certificate(s) of Insurance stating that there is liability insurance presently in effect that is covering all of Contract's activities under this contract, as appropriate, of not less than \$500,000, per occurrence.

As a general rule, it can be assumed that equipment with a value under \$500 will be amortized and no longer considered to be the property of the State after three (3) years. For purposes of the PDG, equipment and/or item costs must be considered in terms of the end usable product (e.g., a bed is considered the sum of the cost of the mattress, box springs, and frame; Proposers should contact SCDD concerning items over \$500). All equipment will be inventoried and issued a state identification tag identifying each item as the property of the State unless and/or until such time that it has been released by the State.

Associated Costs

PDG grants may not include indirect costs that exceed 10% of the grant total, as defined below:

Direct Costs

Direct costs are those that are specifically spent to carry out the grant project and activities, such as: 1) compensation of employees for the time identified and devoted specifically to the performance of the grant; 2) the cost of materials acquired, consumed, and/or expended specifically for the purpose of the grant; and, 3) travel expenses incurred specifically to carry out the grant contract.

Indirect Costs

Indirect costs are items associated with general infrastructure support, such as general administration, facilities, equipment, operations, office supplies, and maintenance.

REQUIREMENTS & QUESTIONS

Requirements

1. Proposals submitted must serve those individuals and/or their families that meet the federal definition of I/DD.
2. Submitted proposals must be consistent with all applicable federal, state, and local government laws and regulations and good business principles.

3. The application must be complete and meet all the requirements set forth by the Council. An entire project application may be withdrawn, and the applicant may submit a new proposal prior to the Application Submission Deadline. Barring Council requests, application modifications offered in any other manner, either oral or written, will not be considered.
4. A proposal will be rejected if it is conditional or incomplete at the submission deadline or if it deviates from the required format and content or contains other irregularities of any kind. SCDD may reject any or all proposals and may waive any immaterial deviation in a proposal. SCDD's waiver of immaterial deviation shall in no way modify the requirements or excuse the applicant from full compliance with all requirements.
5. All decisions regarding the funding of proposals are the responsibility and sole discretion of SCDD. All required questions, signatures and downloaded documentation must be completed, accurate, and submitted, as determined by the Council directed through the application platform, in the manner described within this guideline.
6. SCDD reserves the right to amend these guidelines, by addendum, no later than ten days prior to the submission deadline. Any such addendum will be posted on the Council's website and notice will be issued via email from the SCDD Contract Analyst to all parties known by SCDD to have started and/or submitted a grant proposal through the date of the addendum.
7. The final decision to award a grant or grants rests solely with the California State Council on Developmental Disabilities and is contingent upon final funding approval by the Council.
8. SCDD reserves the right to reject any proposal. The Council is not required to award a grant.
9. Any language purporting to render all or any portion of the proposals confidential shall be regarded as invalid, and the proposal containing such language will be rejected. Upon request and after the proposal scoring process documents will be made available for public inspection in accordance with Public Contract Code and Public Records Act rules.
10. SCDD staff will not provide written or oral debriefings to unsuccessful applicants.
11. If the proposal is submitted under a fictitious name or business title, the actual legal name of the applicant must be provided, whether an individual or entity.
12. Costs incurred for developing proposals and/or in anticipation of award are entirely the responsibility of the applicant and shall not be charged to the State of California.
13. SCDD does not accept alternate contract language from a prospective Contractor. A proposal with such language will be considered a counter-proposal and will be rejected. The State's General Terms and Conditions (GTC) are not negotiable and all state contracting rules are to be followed.

Note: All Agreements entered into with the State of California will include, by reference, General Terms and Conditions (GTC 4/17), which may be viewed and downloaded at <https://www.dgs.ca.gov/SearchResult?search=gtc&divisionid=>.

14. All grantees must comply with §124(c)(5) of the federal Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 USC 15024; PL 106-402).
15. Any change in key personnel (listed in a proposal by a grantee) will require prior approval from SCDD.

Questions

In the opinion of SCDD, the application process is complete and without need of explanation. If, however, there are questions regarding the process, they must be submitted in writing, via email, to the Contract Analyst listed on the cover page. All bidders will be afforded the opportunity to participate in a non-mandatory, live, web-based, pre-bidders' conference. Information about the pre-bidders' conference will be posted to SCDD's website. All questions must be received by the Deadline for Questions, as listed in the Timeline (page 5). All questions and answers received in a timely manner will be posted as an addendum on SCDD's website at www.scdd.ca.gov by the date listed in the Timeline. Questions will not be answered over the telephone.

FUNDING OF PROJECTS

Funding of projects is contingent on availability of federal funds and approval by the Council. After the announcement of a grant award, changes in the level of federal allocation to California may result in the reduction of funds and/or withdrawal of some or all funded proposals.

The Council assumes no responsibility for costs incurred by the applicant for the development or submission of a proposal.

The Council may reduce the level of funding requested in a proposal. If the requested amount proposed will be reduced, the applicant(s) will be asked if they want to proceed with the process. If the Proposer wishes to continue, submission of a revised budget will be required with the revised funding request.

Grantees will submit all invoices in arrears. Grantees must be financially capable of supporting the project until such time as invoices are submitted and reimbursement is received.

Grantees must complete and submit bi-monthly (every other month) reporting and invoices, which must contain receipts for each expense/line item claimed, including but not limited to: records of salaries paid, travel, conference fees, and hotel accommodations, as well as proof of overhead costs (including payroll information for grant-assigned staff and subcontractors)

and indirect expenses. Reimbursement of expenses will only be made for expenses associated with a line item of the approved budget and those which have the timely and proper supporting documentation.

Grantees shall submit, in writing, any requests to SCDD for all proposed transfers between individual line items and/or any additions or deletions of line items. Such requests shall contain an explanation of the need for the requested change, identification of the line items to be changed, and a revised Budget. Changes may not be made prior to SCDD's written approval. SCDD reserves the right to deny any request for line-item transfers, additions and/or deletions. The Contractor understands that in no event shall the maximum amount payable exceed the maximum amount specified in this contract.

Once the program element of the contract is approved by the SCDD, any budget change request that would change the program element will not be approved.

NOTICE OF INTENT-TO-AWARD CONTRACTS and PROTESTS
