

Future Meeting Planning

Grant Showcase

- Local Advisory Committees (LAC) have been funding a variety of administrative, outreach and educational efforts across the state. I would like to showcase the work being done around the state by hosting a forum focused on successful grant-funded projects. If you have a grantee you would like to invite to this showcase, please email Robin Maitino and Beth Hurn.

Next Townhall Topic

- Hosting Townhall meetings that are focused on a specific topic is a great way to identify emerging issues and recommendations to address them. The last Townhall focused on the FMS crisis. Next, I would like the Committee to engage in an interactive discussion to identify the next Topic. It is called a Word Cloud. Beth, will you explain more?
