SSDAC TOWN HALL DECEMBER 4, 2024

The Statewide Self-Determination Advisory Committee (SSDAC) wants to hear from you!

The Self-Determination Program was created to give regional center clients more choice and control over the services they receive. It is guided by five core principles: freedom, authority, support, responsibility, and confirmation.

Join us on December 4th to share your thoughts on emerging issues related to these principles. We want to hear your ideas on how to improve the program and address any emerging issues.

Your feedback will be shared with the Department of Developmental Services and may help shape future guidance across the state.

If you have questions, please contact Beth Hurn at beth.hurn@scdd.ca.gov.
