STATE PLAN COMMITTEE SUMMARY

Date of Meeting

November 13, 2025

Meeting's Focus

The State Plan Committee (SPC) met on November 13, 2025 to review the draft 2025 Program Performance Report (PPR) and to finalize language for the 2027–2031 State Plan.

Staff presented the draft 2025 PPR, which details the outputs, outcomes, and impacts achieved through implementation of the 2022–2026 State Plan. The Committee examined Council accomplishments and progress, discussed performance measures, and considered how the report reflects outcomes across Council priorities. Staff provided additional context and data, and federal guidance was reviewed to ensure alignment with Year 4 objectives. Members reviewed program highlights and provided input and recommendations.

The Committee then focused on finalizing the 2027–2031 State Plan. Members reviewed and revised goal and objective language, discussed key policy focus areas, and incorporated feedback from staff, statewide survey results, and federal guidance. They confirmed that the plan allows flexibility to address emerging needs and evolving priorities over the five-year cycle.

Following discussion, the Committee voted to recommend approval of both the draft 2025 PPR and the draft 2027–2031 State Plan and to forward both to the full Council for consideration.
