

Central Coast RAC Meeting: Participation Guidelines

We want our meetings to be welcoming, respectful, and useful for everyone. Please help us by following these guidelines:

1. Share Time

We want to hear from many people. Please be mindful of how much you speak so others have a chance to share.

2. Listen to Understand

Let others finish speaking. Listen with respect, even if you don't agree.

3. Be Respectful

Speak kindly and focus on ideas, not people.

4. Stay on Topic

Keep comments related to the agenda so we can use our time well.

5. Use Clear Language

Try to use plain, simple language so everyone can understand and take part.

6. Help Create a Welcoming Space

Be aware of your tone and actions so everyone feels comfortable speaking.

7. Public Comment

Public comment is welcome on all agenda items. RAC members will speak first, followed by members of the public.

Thank you for helping make our meetings both respectful and inclusive.
