NATIONAL DISABILITY

AI & ENABLING TECHNOLOGY VIRTUAL SUMMIT

NOVEMBER 17, 2026

(2:00 PM - 5:00 PM ET | LIVE ONLINE | FREE REGISTRATION

Discover How AI Can Empower People with Disabilities. Learn how Artificial Intelligence (AI) can improve communication, learning, work, independence, and daily life for people with disabilities. Join the National Disability AI & Enabling Technology Virtual Summit to gain practical insights, hear from leading experts, and discover how to use AI safely, responsibly, and effectively.

KEYNOTE SPEAKER: SETH GODIN

Seth Godin is a best-selling author, entrepreneur, and one of the world's most influential voices on leadership, innovation, and technology. His books have sold millions of copies worldwide, and his daily blog is read by people around the globe. He will open the Summit with an inspiring keynote on innovation and the future of technology.
